DETERMINATION OF NONSIGNIFICANCE

COPY

Description of proposal: The applicant is proposing to develop Homestreet Place, a 69-lot residential subdivision with 3.301 linear feet of new public roads, sidewalks, and landscaping on a 22.02 acre parcel. Lewis County Tax Parcel No. 017875734078. Zoning Classification: UGA Residential (R-UGA).

Proponent: Homestreet Development, LLC, 1868 State Ave NE, Olympia, WA 98506
Location of proposal: Harold Drive, Chehalis, WA 98532

Lead agency: Chehalis Community Development

Chehalis Community Development has determined that this proposal does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c). This decision was made after review of a completed environmental checklist and other information on file with the City. This information is available to the public on request.

The comment period along with the Notice of Application expired on December 22, 2020.

As per WAC 197-11-340(2); this agency will not act on this proposal for 14 days from the date below.

Responsible official: Tammy S. Baraconi, CFM
Position/title: Planning and Building Manager
Phone: (360) 345-2227
Address: 1321 S. Market Blvd., Chehalis, WA 98532

Date: May 19, 2021

Signature: _____

You may appeal this determination to City of Chehalis - Community Development, 1321 S. Market Blvd, Chehalis, WA 98532. All appeals must be filed with City of Chehalis in writing with a \$700.00 fee submitted by 4:30 pm on June 4, 2021. You may contact Tammy Baraconi to ask about the procedures for SEPA appeals.

The environment threshold determination is based on analysis of information contained in the following documents:

- Environmental Checklist
- Site Plan prepared by Hatton, Godat, Pantier.

Notes:

1. The issuance of a Determination of Nonsignificance does not constitute project approval. All building plans and site design must meet the following: 2018 International Fire Code, the 2018 International Building Code, the City of Chehalis Engineering Development Code (CMC Title 12.04) and the City of Chehalis Municipal Code (CMC Title 17).
2. The Determination of Nonsignificance is based on the applicant developing the site in accordance with the site plan permit as approved by City of Chehalis.
3. If contamination is currently known or observed during construction, sampling of the potentially contaminated media must be conducted. If contamination of soil or groundwater is readily visible, or is revealed by sampling, the Department of Ecology must be notified. Contact the Environmental Report Tracking System Coordinator at the Southwest Regional Office at (360) 407-6300. For assistance and information about subsequent cleanup and to identify the type of testing that will be required contact the Toxics Cleanup Program at (360) 407-7170.
4. Erosion control measures must be in place prior to any clearing, grading, or construction. These control measures must be effective to prevent soil from being carried into surface water by stormwater runoff. Sand, silt, clay particles, and soil will damage aquatic habitat and are considered pollutants.

Any discharge of sediment-laden runoff or other pollutants to waters of the state is in violation of Chapter 90.48, Water Pollution Control, and WAC 173-201A, Water Quality Standards for Surface Waters of the State of Washington and is subject to enforcement action.
5. During construction, all releases of oils, hydraulic fluids, fuels, other petroleum products, paints, solvents, and other deleterious materials must be contained and removed in a manner that will prevent their discharge to waters and soils of the state. The cleanup of spills should take precedence over other work.
6. In the event any archaeological or historic materials are encountered during project activity, work in the immediate area (initially allowing for a 100' buffer; this number may vary by circumstances) must stop and the following actions taken:
 - a. Implement reasonable measures to protect the discovery site, including any appropriate stabilization or covering; and
 - b. Take reasonable steps to ensure the confidentiality of the discovery site; and
 - c. Take reasonable steps to restrict access to the site of discovery.

COPY

The project proponent will notify the concerned Tribes and all appropriate local, state and federal agencies including the Department of Archaeology and Historic Preservation and the City of Chehalis Community Development. The agencies and Tribes(s) will discuss possible measures to remove or avoid cultural material and will reach an agreement with the project proponent regarding actions to be taken and disposition of material.

If human remains are uncovered, the City of Chehalis Police Department shall be notified first and the above steps followed. IF the remains are determined to be Native, consultation with the affected Tribes will take place in order to mitigate the final disposition of said remains.

See the Revised Code of Washington, Chapter 27.53, "Archaeological Sites and Resources," for applicable laws and statutes. See also Washington State Executive Order 05-05, "Archaeological and Cultural Resources." Additional state and federal law(s) may also apply.
