**Lewis County Facilities Department  
Chehalis, WA  
RBE No. 20095**

### **General Project Description**

The project involves improvements to multiple parcels in the Central Business District of downtown Chehalis all currently owned by Lewis County. The intent is to improve parking areas associated with County operated offices and facilities to create a more cohesive 'campus'. Site work is proposed over four different city blocks including 1) parking facilities west of the Rainier Building (139 NW Chehalis Ave), 2) parking facilities adjacent to the Baker Building (242 NW Chehalis Ave) including upgrades to Center Street between NW Pacific and NW Chehalis Ave, 3) parking facilities north of the Health Department Building (360 NW North St), and 4) parking facilities east of the Law & Justice Center on W Main Street. Work will involve removal and replacement of concrete curb/gutter and sidewalks, public plaza spaces with associated landscaping and site furniture, removal of concrete foundations/slabs, and replacement of asphalt surfaces including new striping and wheel stops. A portion of the Law & Justice Center parking will be secured with new fencing.
