Dear Ms Schwartz:

My wife and I live at 34 SE Spring St. and I have heard about the proposed Conditional Use Permit for 52 SE. Spring St. I agree with our neighbors that we should stick with the R1 zoning rules. It is a slippery slope to make allowances as then I and others may want special exceptions to the laws in the future in reference this case. Also, this exemption has the strong potential to lower our property value.

Sincerely,

Bryan Wheat

RE: Case # CU-22-001

Attn: Amelia Schwartz

In reference Case # CU-22-001 attached hereto:

1. Project must not interfere with our condominium project at the end of Spring Street.
2. Project must be a permanent home with a concrete foundation.
3. This home will be hooking into the 12" sewer line and 8" Water line in which we paid for.

Sincerely;

Frank Dipola
