Conditional Use/PUD and Variance Application

17.09.115 Conditional use/planned unit development (PUD).

A. A permit to allow a conditional use or a planned unit development (PUD) may be approved when:

1. The use proposed in the application is not listed on the zoning use chart, CMC [17.78.020](#), or any special or environmental district use criteria (Divisions III and IV of this title) as a prohibited use in the zone or district in which the proposed use would be located; and
2. The procedures set forth in CMC [17.09.130](#), notice, have been followed; and
3. The examiner or planning commission has found that the proposed use is consistent with the objectives and purposes of this title and with the comprehensive plan; and
4. The examiner or planning commission has found that the proposed use is compatible with surrounding land uses and with the general character of the district in which it would be located; and
5. In the case of a conditional use permit allowing the continuance or reestablishment of a nonconforming use:
 - a. The nonconforming use possessed substantial value at the time of discontinuance; and
 - b. The owner can demonstrate substantial hardship if the conditional use is denied; and
 - c. No violations of this title nor any public nuisance would be created by the proposal if approved; and
 - d. The overall community will not be materially damaged by grant of the permit.

B. In considering an application for a conditional use permit or a PUD:

1. If the proposed use is identified in the zoning use chart, CMC [17.78.020](#); the shoreline master program (SMP) (Chapter [17.18](#) CMC and Appendix Chapter R); or any special district (Division IV of this title) as a listed conditional use, the burden to demonstrate that the proposal should be denied rests with the public;
2. If the proposed use is not identified in any use chart in this title as a listed conditional use, the burden to demonstrate that the proposal should be approved rests with the applicant.

C. In considering an application for a conditional use or PUD, the examiner or planning commission may impose modifications or conditions on the application necessary to ensure compliance with this title and the comprehensive plan. Such modifications or conditions may relate to the following:

1. Size and location of the site;
2. Street and road capacities in the area;
3. Ingress and egress to adjoining public streets;
4. Location and amount of off-street parking;
5. Internal traffic circulation system;
6. Fencing, screening, and landscaped buffer areas;
7. Building bulk and location;
8. Usable open space;
9. Signs and lighting;
10. Drainage of storm water;
11. Noise, vibration, air pollution and other environmental influences; and
12. Other pertinent factors.

D. All approved site plans relating to conditional uses and PUDs, including modifications and conditions, shall be made a part of the permanent address file and any development permit for the property.

E. No approved conditional use permit or PUD may be modified, enlarged, or expanded in ground area unless the site plan is amended and approved in accordance with any variance procedures applicable to such proposal.

F. A conditional use permit approved by the examiner and issued by the administrator shall expire 90 days from the date of issuance if no substantial activity has occurred to implement the approved proposal. A PUD approved by the planning commission shall expire 180 days from the date of approval if no substantial activity has occurred to implement the approved proposal. [Ord. 720B § 1, 2002.]

17.09.120 Variance.

A. Where unnecessary hardships or practical difficulties resulting from peculiarities of a specific property render it difficult or inequitable to carry out all provisions of this title, the examiner shall have the authority to grant a variance if all the following conditions are met:

1. The variance will not constitute a grant of special privilege inconsistent with the limitation upon development of other properties in the vicinity and zone in which subject property is located; and
2. Such variance is necessary, because of special circumstances relating to the size, shape, topography, location, or surroundings of the subject property, to provide it with development rights and privileges permitted to other properties in the vicinity and in the zone in which the subject property is located; provided, that such unusual circumstances or conditions have not been created by action or acquiescence of the applicant; and
3. The granting of such variance will not be materially detrimental to the public welfare or injurious to the property or improvements in the vicinity and zone in which the subject property is situated; and
4. The granting of such a variance will not be inconsistent with the comprehensive plan; and
5. The variance, if granted, will not alter the essential character of the neighborhood or district in which the property is located, nor substantially or permanently impair the appropriate use or development of any adjacent property.

B. An application for a variance shall be accompanied by a written statement as to how the request is consistent with subsection (A) of this section and the burden of demonstrating such consistency lies with the applicant. In authorizing a variance, the examiner or planning commission may attach thereto such conditions regarding the location, character, or other features of the proposed structures or uses as it may deem necessary to carry out the intent of this title.

C. Unless another time limit is established during the approval process, a variance so authorized shall become void after 90 days if no substantial construction has taken place in accordance with the plans for which the variance was authorized. [Ord. 720B § 1, 2002.]

THE APPLICANT OR A REPRESENTATIVE MUST ATTEND THE PUBLIC HEARING.

A **DIMENSIONED** SITE PLAN MUST BE ATTACHED TO THIS APPLICATION SHOWING ALL OF THE FOLLOWING ITEMS:

1. Size and location of the parcel.
2. Streets, roads and external traffic flow routes in the area.
3. Ingress and egress routes.
4. Location and amount of both on-street and on-site parking spaces.
5. Internal traffic flow routes.
6. Fencing, screening and landscaped buffer areas.
7. All existing and proposed buildings.
8. Usable open space.
9. Signs and lighting.
10. Drainage flow of storm water.
11. Noise, air pollution and other environmentally sensitive sources/areas.
12. Directional arrow (north)
13. Any other pertinent factors.

A FLOOR PLAN OF ALL STRUCTURES IS ALSO REQUIRED FOR ANY NEW DEVELOPMENT OR CHANGE OF USE/OCCUPANCY.

PROVIDE A DETAILED DESCRIPTION OF THE PROPOSAL (attach additional pages if necessary):

This project proposes to re-develop the two existing buildings and surrounding properties from schoolhouse into an 84-unit multi-family apartment complexes (34 units in one building and 50 units in the other) with additional parking areas. The project proposes to perform a subdivision to move the existing property line to section off the southwestern playground area so it may be rededicated to the City of Chehalis. The short subdivision will also split the Cascade and RE Bennett buildings onto their own parcels. Parking will be added at the southwestern side of the Cascade building as well as between the existing buildings. The exact reason for variance is not rezoning or residential usage but rather parking. A more detailed write up of the parking situation is located below in the additional comments section

ANSWER ALL OF THE FOLLOWING QUESTIONS IN COMPLETE DETAIL:

1. WHAT IS THE USAGE OF OTHER SURROUNDING PROPERTIES IN THE VICINITY OF THIS PROPOSAL?

The majority of the surrounding properties within the vicinity of this proposal are
Residential Homes, some Commercial Businesses along S Market Boulevard;
Chehalis Auto Center, Northwest Pediatric Center, Hearing Healthcare Center

2. IS THERE A UNIQUE CIRCUMSTANCE RELATIVE TO YOUR PROPERTY, BUT NOT THE REST OF THE NEIGHBORHOOD, THAT MAKES THE CONDITIONAL USE OR VARIANCE NECESSARY? Such as, size, shape, topography, location, surroundings, etc.

The proposed project includes renovation of the existing schools into multi-family
apartments. Size of the property and location of the existing buildings inhibits the
ability to provide parking per code. We have pushed necessary storm systems
underground and maximized parking to provide 90% of the stalls required. we are
asking for relief on the remaining stalls.

3. WILL THIS PROPOSAL, IF GRANTED, AFFECT ANY OTHER ADJACENT PRIVATE OR PUBLIC PROPERTY IN ANY PHYSICAL MANNER OR BE MATERIALLY DETRIMENTAL?

This proposal, if granted, will not affect any other adjacent private or public properties
in any physical manner or be materially detrimental.

4. WILL THIS PROPOSAL, IF GRANTED, AFFECT THE VISUAL CHARACTERISTICS OF THE NEIGHBORHOOD? _____

This proposal, if granted, will not affect the visual characteristics of the neighborhood.

5. WILL THIS PROPOSAL, IF GRANTED, AFFECT THE COMPREHENSIVE PLAN FOR THE ZONE, VICINITY, OR NEIGHBORHOOD? _____

This proposal will be in line with higher density housing which is the intended zoning for the area. The project will not affect the comprehensive plan for the zone, vicinity, or neighborhood.

6. IS THIS PROPOSAL A CONTINUANCE OR RE-ESTABLISHMENT OF A PRE-EXISTING NONCONFORMING USE? PLEASE EXPLAIN: _____

This proposal is not a continuance or re-establishment of a pre-existing nonconforming use.

7. WILL A SUBSTANTIAL HARDSHIP BE CREATED IF THIS PROPOSAL IS DENIED? _____

Yes, if denied the auditorium (existing Gym) which is intended to be used as a public auditorium will need to be made into a private space.

8. WILL THIS PROPOSAL, IF GRANTED, CREATE A VIOLATION OF THE CHEHALIS MUNICIPAL CODE OR A PUBLIC NUISANCE AS DEFINED BY TITLE 7?

The proposal, if granted, will grant slight relief to the number of stalls necessary per the City of Chehalis municipal code. Granting this variance will not create a public nuisance as defined by title 7.

ADDITIONAL COMMENTS: The reason for the request for variance is due to limited site area. This project does not fully meet the 218 parking stalls needed for the 84 units and 300 seat Auditorium located within the south building (2 stalls per residence and 1 stall per 6 seats). This project intends to provide 151 new parking stalls onsite and there are 45 parking existing stalls in the playground area along Cascade Street. During Pre-Sub the City indicated if 75% (164 stalls) of the required parking is provided a variance would be considered. Coupled with existing parking, this project provides 196 stalls which exceeds the 75% threshold and we request a variance be approved to all this parking arrangement.

The city may require additional information to explain the nature and scope of the proposal and its impact on the vicinity or neighborhood in sufficient detail to perform the required analysis.
