ADMINISTRATION AND CITY COUNCIL REPORTS

City Manager Update

City Manager Anderson welcomed Fire Chief Fulbright, reported attendance at the Experience Chehalis Clean-up Day, provided an update on the City of Chehalis clean-up weekend, and invited Council feedback on a letter requested by Mayor Ketchum and Councilor Lund taking a position on the proposed changes to the federal maximums relating trailer truck weights and size.

Lance Bunker, Public Works Director provided an update on the upcoming water main project that will enhance waterflow to the south UGA, which is expected to be Phase I of the Market Street/Jackson Highway Corridor Improvement Project.

Councilor Reports/Committee Updates

Councilor Lord commended Mayor Ketchum for his participation in the clean-up day sponsored by Experience Chehalis.

Councilor Pope expressed his intent to retire from the Council this year and encouraged those wishing to file for candidacy for the 4th District Seat, to prepare for the upcoming filing period.

Mayor Pro-Tem Spahr reported on attendance at the Growth Management meeting and inquired about the cost for clean-up on National Avenue. City Manager Anderson explained that the nearly \$8,000 will be included in the upcoming budget amendment.

Councilor Lund expressed relief that the City has hired a company to come in and clean up the area on National Avenue. Councilor Lund also wanted to let citizens know that the ladder truck purchase approved today will be the City's third fire response vehicle, proving that the Fire Department gets the most use possible out of each vehicle purchased.

Councilor McDougall attended the Experience Chehalis clean-up day, Advisory Board meeting for Night-by-Night Shelter, Health and Social Services meeting, and Friday with Friends.

Councilor Carns provided an update for the end of session for the legislature and the failed vote to make changes to the Blake decision. Since changes failed at the state level, the City may have the latitude to consider drafting some legislation addressing this concern. Councilor Carns also thanked Councilor Pope for his service.

Mayor Ketchum attended meetings for the Firemen's Pension Board, Skookumchuck Dam webinar, Lewis County Transportation Strategy, and meetings with Lewis County staff to discuss the Night by Night Shelter being advanced by Lewis County.

CHEHALIS CITY COUNCIL MEETING AGENDA REPORT

TO:	The Honorable Mayor and City Council
FROM:	Jill Anderson, City Manager
BY:	Brandon Rakes, Airport Director
MEETING OF:	May 8, 2023
SUBJECT:	Airport Master Plan Update Consulting Contract Award, Grant Application, and Acceptance

<u>ISSUE</u>

The Chehalis-Centralia Airport interviewed consultant firms through the Request for Proposal (RFP) process for the development of the Airport Master Plan. Coinciding with the Master Plan Update consultant selection is the application and acceptance of the federal and state grants that assist with the funding of this project.

DISCUSSION

The City of Chehalis requested statements of qualifications from airport consultants and sought proposals from qualified firms to provide planning services in the development of an Airport Master Plan Update (MPU) for the Chehalis-Centralia Airport located in Chehalis, Washington. The most recent MPU completed for the Chehalis-Centralia Airport was completed in August of 2001. The purpose of the MPU will be to identify facility needs and future development options to accommodate potential growth. This project is anticipated to be funded in part by the Federal Aviation Administration (FAA) and the Washington State Department of Transportation (WSDOT) Aviation Division. All work is required to comply with FAA requirements and regulations.

The City requested proposals from consultants in October of 2022. Interviews with three consulting firms that submitted proposals were conducted on February 24, 2023. The unanimous conclusion of the interview panel is to recommend that the City Council select Aviation Planning Group (APG) to proceed with the project. The interview panel consisted of City Staff as well as the Mayor of the City of Chehalis.

APG has a staff of passionate airport planners and engineers committed to delivering a highquality master plan to meet the Chehalis-Centralia Airport aviation needs for the next 20 years. APG's experienced planning Team is currently completing the Olympia Airport Master Plan Update and has more than six recent planning studies completed in the region as a team in the last three years.

SCOPE OF WORK

The following is a Scope of Services to be performed by The Aviation Planning Group and its team members, in connection with the preparation of an Airport Master Plan Update (MPU) for the Chehalis-Centralia Airport (CLS), operated by the City of Chehalis, Washington.

The major tasks to be accomplished in preparing this MPU are:

- Task 1 Study Design/Project Scoping
- Task 2 Public Involvement Program
- Task 3 Part 77
- Task 4 Existing Conditions
- Task 5 Aviation Demand Forecasts
- Task 6 Facility Requirements
- Task 7 Alternatives Development and Evaluation
- Task 8 Airport Layout Plans
- Task 9 Facilities Implementation
- Task 10 Section 163
- Task 11 Study Documentation
- Task 12 Project Administration

A minimum list of objectives and focus areas of the CLS MPU are:

- Operations forecasts, including AAM, and fleet mix
- Analysis of existing airfield to meet current design standards and capacity
- Examine how CLS can prepare for emerging aviation technologies such as electric aircraft and alternative fuels
- Update the Airport Capital Improvement Plan (ACIP)
- Update the Airport Layout Plan (ALP) set
- Collect and submit safety critical Airport Geographic Information System (AGIS) data
- Mitigate flood impacts to airport property
- Identify compatible development around Airport Lake
- Complete the Section 163 process for non-aeronautical properties

CLS continues to grow and look for opportunities to expand aeronautical and non-aeronautical development on the airfield. This study will analyze current demand and forecast future and develop a plan to support the needs of CLS over the next 20 years. The MPU will be prepared in accordance with FAA Advisory Circular 150/5070-6B, Change 2, "Airport Master Plans".

The MPU will examine the current fleet of aircraft and determine if a new design aircraft is warranted, then analyze CLS's ability to meet current airport design standards and Advanced Air Mobility (AAM). The report will show potential impacts of a change to the design aircraft

include runway-taxiway separation, parallel taxiway alignments, impacts to existing terminal, hangars, other landslide facilities; potential for development within the airports topographic and environmental constraints; and alternatives for additional airport access to the west side. The runway protection zone (RPZ) will also be closely analyzed to determine the ability to meet standards.

FISCAL IMPACT

The Master Plan Update will be paid for by the Chehalis-Centralia Airport. The Airport will seek reimbursement of 90% of the project up to \$450,000 from the FAA and will also seek an additional 5% up to \$25,000 from the Washington State Department of Transportation Aviation Division. Therefore, Chehalis-Centralia Airport plans to spend 5% of the total project plus any overages up to 10% or an additional \$50,000.

This project was contemplated and included in the 2023 budget with an allocation of \$450,000. The total estimated cost of the completed MPU is currently \$502,742. Therefore, a future budget amendment will likely be needed to fund the gap between the estimated budget and actual budget.

The FAA has reviewed the scope and fees for the project and issued a letter of approval. In addition, they have prepared and electronically distributed the grant documents that will be signed if this project is approved by the City Council.

RECOMMENDATION

It is recommended the City Council conditionally approve the following, subject to the award of grant funds from the FAA designated for this project:

- Award the Contract for the Chehalis-Centralia Airport Master Plan Update to Aviation Planning Group.
- Authorize grant application and acceptance with the FAA for the Master Plan Update.
- Authorize grant application and acceptance with the WSDOT for the Master Plan Update.
- Authorize a 10% contingency budget of \$50,000; and
- Authorize the City Manager to execute all project-related documents, including change orders, for a not to exceed total project cost of \$550,000.

SUGGESTED MOTION

I move that the City Council conditionally approve the following, subject to the award of grant funds from the FAA designated for this project:

- Award the Contract for the Chehalis-Centralia Airport Master Plan Update to Aviation Planning Group.
- Authorize grant application and acceptance with the FAA for the Master Plan Update.

- Authorize grant application and acceptance with the WSDOT for the Master Plan Update.
- Authorize a 10% contingency budget of \$50,000; and
- Authorize the City Manager to execute all project-related documents, including change orders, for a not to exceed total project cost of \$550,000.

CHEHALIS CITY COUNCIL MEETING AGENDA REPORT

то:	The Honorable Mayor and City Council
FROM:	Jill Anderson, City Manager
BY:	Tammy Baraconi, Planning and Building Manager
MEETING OF:	May 8, 2023
SUBJECT:	Contract with Building Code Services, LLC to Provide Plan review and Inspection Services

<u>ISSUE</u>

The City of Chehalis does not have a certified Building Official to perform the tasks of commercial building plan reviews and related commercial inspections. In the recent past, the City contracted with Pacific Testing and Inspection (PTI) for the services of LG Nelson, Building Official. Mr. Nelson left PTI and began his own company, Building Code Services LLC (BCSLLC). Based on the consistently high-quality of work that has been provided by LG Nelson, it is recommended that the City continue to work with Mr. Nelson for professional building review and inspection services.

DISCUSSION

The City of Chehalis does not have a certified Building Official to perform the tasks of commercial building plan reviews and commercial inspections. In 2020, the City retained the services of Pacific Testing and Inspection for building plan review and inspection services. At the time, PTI was chosen because LG Nelson was employed with the company, and his credentials and expertise led to the City retaining this firm. Mr. Nelson has 30 plus years' experience as a plan reviewer, inspector, and Building Official with the last ten plus years primarily in Lewis County. He has built strong working relationships with the building community and as a result garnered much respect.

Mr. Nelson has since left PTI and formed his own firm, Building Code Services, LLC. Since it is the experience and expertise of Mr. Nelson that the City seeks, we have been working with Mr. Nelson through BCSLLC after his departure from PTI. Staff requests the formalization of this contract so that we may continue to work with Mr. Nelson.

It is not the goal to continue to employ any firm indefinitely as a plan reviewer or inspector. The contract with BCS, LLC will allow the City to continue to move toward the process of training existing staff to fill this role in the future. To that end, Josh McDrummond has become certified as a residential plan reviewer and residential inspector and has taken over the responsibilities associated with this certification with Mr. Nelson providing consultation and guidance when necessary. The City does not currently pay Mr. Nelson for residential permitting; however the City does pay his hourly rate for consultations. Mr. McDrummond plans to obtain the commercial

inspection certification later this year to take over the commercial inspections as well. This commercial inspection certification will allow the City to discontinue payments to BCSLLC for commercial inspections, but still may incur a consultation fee when applicable.

However, given the ongoing and projected volume and complexity of commercial permits, it is anticipated that we will need Mr. Nelson's services for commercial plan review for approximately the next two years while Mr. McDrummond learns enough of the basics for commercial plan review to sit for the certification exam. Once Mr. McDrummond has his commercial plan review and commercial inspection certifications, it will be helpful to maintain a contract with Mr. Nelson's firm to provide professional consultation and supplemental services when needed.

FISCAL IMPACT

The fiscal impact of this contract will continue to fluctuate dependent upon commercial permits that are submitted. The immediate cost of this contract is already included in this year's budget and as such the budget will not need to be amended.

RECOMMENDATION

It is recommended that the City Council approve the contract with Building Code Services, LLC and authorize the City Manager to sign the contract pending City Attorney review and approval, if there are no major changes to the substance of the document, during the City Attorney review.

SUGGESTED MOTION

I move that the City Council approve the contract with Building Code Services, LLC and authorize the City Manager to sign the contract pending City Attorney review and approval, if there are no major changes to the substance of the document during the City Attorney review.

CHEHALIS CITY COUNCIL MEETING AGENDA REPORT

то:	The Honorable Mayor and City Council
FROM:	Jill Anderson, City Manager
BY:	Lance Bunker, Public Works Director
MEETING OF:	May 8th, 2023
SUBJECT:	Bid Award- Main St. Phase II Resurfacing Project

<u>ISSUE</u>

Bids have been received for Phase II of the Main Street, Grind and Inlay project. The results of the bidding and a recommendation to award a contract have been prepared for the City Council's consideration.

DISCUSSION

The Main Street Phase II Project is a grind and inlay of Main St. from the BNSF Railroad Tracks to Interstate 5. The TIB Arterial Preservation Grant for this project was approved by the City Council on February 28, 2022, and the project was originally scheduled to be completed that same summer. Communication difficulty with Rainier Rail, combined with multiple Public Works staffing changes caused a delay in the execution of the grant award from TIB. The Main St Phase II project was put on hold for 2022 and rescheduled to be executed in 2023.

The bid request was advertised on April 13th and 20th and closed on April 27th at 10:00 am. Four (4) bids were submitted, opened, and read publicly for the project. The low bid was submitted by Rognlin's Construction of Aberdeen WA in the amount of \$537,740.00, including Washington State sales tax.

The four bids received for this project range from \$537,734.00 to \$728,510.00 as shown in the following table:

Bidders	Amount
Rognlin's	\$537,740.00
Northwest Cascade	\$604,630.00
Granite Construction	\$728,510.00
Nova Contracting	\$633,000.00

The overall Engineer estimate for the project was \$511,550.00. Gibbs & Olson reviewed the bids and found that Rognlin's correctly completed the required forms and met the qualifications to complete the job. The Project Engineer, Kyle Busby of Gibbs & Olson and the administration recommend Rognlin's Construction be awarded the contract to complete the work.

To streamline the planning and scheduling of this project this agenda is for the acceptance of the bid award only. A sperate agreement for construction management is currently being prepared and is incorporated into the overall project cost. This agreement will be presented at a later date.

FISCAL IMPACT

The 2022 10% local match of \$65,130 has increased, due to project delays and time & material increases. A local match of \$109,890 (15.8%) is required to fund this project. It is proposed to increase the City's total matching cost to \$109,890 (an additional \$44,760). The City's Transportation Benefit District (TBD) is the proposed source funds for the local match and contingency.

It is also recommended that the construction budget include a 15% contingency (\$\$80,661.00) to address potential issues that may come up in the field during construction. With the recommended contingency, the total cost would be authorized for a not-to-exceed construction budget of \$\$618,401.00.

Total overall project cost including matching funds and contingency is \$776,721.00. The City's contribution to the project would be \$109,890.00 plus contingency if needed. The grant funding max from TIB is \$586,170.00

RECOMMENDATION/COUNCIL ACTION DESIRED

It is recommended that the City Council:

- Award the Main St Phase II grind and inlay project to Rognlin's. in the amount of \$537,740.00
- Authorize a 15% contingency budget of \$80,661.00
- Authorize the City Manager to execute all project related documents, including change orders, not exceeding a total construction cost of \$618,401.00, and a total project cost including matching funds and contingency of \$776,721.00

SUGGESTED MOTION

Move to:

• Award the Main St Phase II, Grind and Inlay Project to Rognlin's Construction in the amount of \$537,740.00.

Authorize a 15% contingency budget of \$80,661.00.

• Authorize the City Manager to execute all project related documents, including change orders, not to exceed a total overall project cost \$776,721.00

CHEHALIS CITY COUNCIL MEETING AGENDA REPORT

TO:	The Honorable Mayor and City Council
FROM:	Jill Anderson, City Manager
BY:	Chun Saul, Finance Director
MEETING DATE:	May 8, 2023
SUBJECT:	Ordinance No. 1068-B, First Reading – Amending the 2023 Budget

<u>ISSUE</u>

Ordinance No. 1068-B amending the 2023 Budget, is hereby submitted to reflect the changes in estimates and actual activities of the City since the adoption of the 2023 Budget.

Throughout the year, adjustments to the budget become necessary as a result of City Council actions, changes in estimates, activity levels that were not anticipated during budget development, and grant awards or other receipts of outside funding. Historically, the budget has been amended two or three times per year prior to the conclusion of the fiscal year on December 31st.

CITY-WIDE OVERVIEW (ALL FUNDS COMBINED)

This proposed amendment to the 2023 Budget includes the following key items:

- Updates the estimated 2023 beginning fund balances for all funds to reflect the actual ending fund balances at the close of fiscal year 2022. This action has no impact on the 2023 revenues and expenditures budget but changes the estimated 2023 ending fund balances for all city funds.
- 2) Requests to carry over the remaining 2022 budget to 2023 for certain capital projects that were approved in 2022 but are to be completed in 2023.

2023 Budget Summary for the proposed amendment, including updated beginning fund balances, revenues, transfers-in, expenditures, transfers-out, and estimated ending fund balances and a detailed list of proposed budget amendment items are attached to the proposed Ordinance No. 1068-B as Exhibit "A" and Exhibit "A-1".

\$332,400 increase for wages and benefits due to additional cost of living adjustment (COLA) increases approved by the City Council since the adoption of the 2023 Budget. The 2023 Adopted Budget included an average 4% COLA increase for all employee groups, including all four collective bargaining units, nonrepresented employees, and seasonal and hourly employees. Since the adoption of the budget, the collective bargaining agreements (CBAs) were finalized, and the City Council approved the final COLA increases for year 2023 ranging from 7.0% to 9.0% in 2023. The increase in payroll budget is combination of the additional COLA increases, impacts from staffing turnovers, increase in overtime activities, and budget savings from temporary vacancies and budgeted but unfilled positions as of April 2023.

\$190,205 increase for 2023 WCIA annual insurance premium exceeding the budget.

\$4,225,902 increase for capital outlays, which includes the following:

- \$7,500 for purchase of a striper at the Airport

\$1,140,000 increase for temporary interfund loans/advances and repayments to and from the REET and Park Improvement funds to provide funds for the Recreation Park additional parking project until expenditures are reimbursed by the HUD grant. Upon receipt of the grant funds, the borrowed funds shall be repaid to the REET funds.

\$142,446 for various supplies, purchased services, and \$25,000 additional contribution to the Main Street Tax Credit program for Experience Chehalis.

The proposed budget amendments by fund are summarized as follows:

The proposed budget amendment increases the General Fund's revenues by \$49,500, decreases transfers-in by \$297,133, increases appropriations by \$501,190, and increases transfers-out by \$800,000, resulting in a net decrease in fund balance by \$1,548,823.

Total revenue budget increase of \$49,500 includes \$4,500 in state grant and \$45,000 in investment interest.

Total transfers-in is decreased by \$297,133. The City Council has directed to revert \$300,000 transfers-in to the Federal Advance Grant Fund and made it available for purchase of a ladder truck. The difference is for additional transfer-in of \$2,867 for body camera purchase cost that exceeded the original budget.

Total proposed appropriation increase of \$501,190 includes the following:

- \$13,365 for debris removal and flood clean up at Stan Hedwall Park.
- \$17,500 for Stan Hedwall Park street light replacement.

Total transfers-out of \$800,000 reflects the 2022 year-end Fund Balance Commitment Ordinance No. 1065-B. At the 3/27/2023 Council meeting, the City Council approved a portion of the 2022 ending fund balance as Committed for the following specific purpose and use. These were not in the 2023 original adopted budget:

Community Development Block Grant (CDBG) Fund

The proposed budget amendment increases the CDBG Fund's transfers-out by \$25,000.

The CDBG Fund accounts for repayment of housing rehabilitation loan program. If repayment received is less than \$35,000/year, this income is considered miscellaneous revenues, and the revenue may be used for any community development activity. Recommended use includes a project benefiting low-and-moderate-income persons. The City staff determined the Westside Park Improvement Project would meet the CDBG and HUD grant revenue use purposes.

Total budget for the Westside Park Improvement project is \$115,000. At the January 9, 2023, Council meeting, the City Council approved the project using \$20,000 from the dedicated Park Improvement Fund previously reserved for Westside Park and \$95,000 from the Second Quarter Real Estate Excise Tax (REET) fund.

Staff proposes using the available funds from CDBG (\$25,000) and HUD Grant Funds (\$90,000) for the Westside Park Improvement Project.

Housing & Urban Development (HUD) Grant Fund

Total budget for the Westside Park Improvement project is \$115,000. At the January 9, 2023, Council meeting, the City Council approved the project using \$20,000 from the dedicated Park Improvement Fund previously reserved for Westside Park and \$95,000 from the Second Quarter Real Estate Excise Tax (REET) fund.

Staff proposes using the available funds from CDBG (\$25,000) and HUD Grant Funds (\$90,000) for the Westside Park Improvement Project.

The proposed budget amendment increases the Federal Advance Grant Control Fund's revenues by \$18,000, increase appropriations by \$1,649,500, and decrease transfers-out by \$297,133, resulting in a net decrease in fund balance by \$1,334,367.

Increase in revenue budget is for investment interest. The increased appropriation is for purchase of a ladder truck which was approved by the City Council at the April 24, 2023, Council meeting.

Total net decrease in transfers-out included reversing (decreasing) the original transfer-out budget of \$300,000 to the General Fund for payroll expenditures of one police officer and two firefighters and

increasing transfers-out for purchase of police body cameras which exceeded the original budget by \$2,867.

Public Facilities Reserve Fund

The proposed budget amendment increases the Public Facilities Reserve Fund's revenues by \$341,725, increase transfers-in by \$350,000, increases the appropriations by \$559,940, and increase transfers-out by \$52,763, resulting in a net increase in fund balance by \$79,022.

The \$341,725 revenue budget increase is for the following:

- \$17,775 for State Public Disaster Assistance Grant for the above-mentioned repair project. This is 5% of the total eligible project expenditures.
- \$4,000 increase for investment interest projection.

The \$350,000 transfers-in was a part of the 2022 year-end committed fund balance approved by the City Council to be reserved and used for future improvements to the general facilities.

The \$559,940 additional appropriation requested including the following items:

- \$24,940 for 2022 budget carryover to replace carpet at the Park and Recreation building.

There are two large projects (Construction for Recreation Park Additional Parking and Westside Park Improvement) planned in 2023. The Park Improvement fund does not have sufficient cash in the fund.

Staff proposes that the Westside Park Improvement project be funded by the CDBG Fund and HUD Block Grant Funds by transfers-in. For the Recreation Park additional parking construction project, it is recommended to borrow funds from the two REET funds until the City receives the grant reimbursement payments. The borrowing will be a short-term, temporary, without interest, until the City receives reimbursement from the HUD grant. It is anticipated that the time between the date of expenditures (payments to the contractor) until the date the grant reimbursement is received by the City is within 30-days from the date of reimbursement request is submitted.

The \$1,176,000 proposed revenue budget increase includes the following items:

First Quarter REET Fund

The proposed budget amendment increases the First Quarter REET Fund's revenues by \$194,000 and increases appropriations by \$220,000, resulting in a net decrease in fund balance by \$26,000.

Other than the Fines & Penalties and Miscellaneous revenues, YTD revenues for all other revenues are below the three-month target amount. The first half of 2023 property tax is due in April and received by the City in May. Total retail sales and use tax received in the first quarter is 28% of the 2023 Budget, whereas the real estate excise tax (REET) collected is 11.7% of the 2023 Budget and is \$43,694 below the three-month target amount. Miscellaneous revenues includes rents & leases, interest earnings and other miscellaneous revenues. YTD interest earnings through March 2023 is \$279,939 which exceeds the three-month target by \$187,517 or 203% due to the substantial interest rate increases since the 2023 Budget adoption. The upcoming 2023 budget amendment includes updated projection for 2023 interest earnings.
