About Chehalis

Where is Chehalis?

The City of Chehalis is located in Lewis County, WA and has a population of just over 7,500. Chehalis is approximately 30 miles south of Olympia, the State's Capitol and 90 miles south of Seattle, Washington's largest city, providing residents the opportunity of living in a thriving small community, with easy access to amenities and services available in bigger cities. This prime location on the I-5 Corridor halfway between Seattle and Portland also makes Chehalis ideally situated for industrial, commercial, and residential growth.

Chehalis is a community where historic charm and character are preserved and cherished, while welcoming the future. Old Town is thriving with historic buildings have been reborn with charming boutiques and inviting eateries. The State Avenue Business District is home to a number of longstanding, locally-owned businesses, while our Westside Shopping District offers several name brand stores and family-friendly restaurants just off the I-5. From Chehalis, you can also easily access the beauty of the Pacific Northwest, including the Willapa Trail, the Mt. St. Helens National Volcanic Monument, and Mount Rainier National Park.

City Government

Chehalis was incorporated on November 23, 1883 and operates under the laws of the State of Washington applicable to a non-charter code city with a Council-Manager form of government. The City Council serves as the legislative branch of city government. The seven Councilors, who select the Mayor from among themselves, are the City's only elected officials. Together they develop the goals and policies necessary to identify the municipal services and the projects needed move the City toward the vision of the community's future within the limited budgetary resources available. The Council appoints a City Manager who is responsible for implementing the City Council's policy direction and manage the daily operations of the municipal organization consistent with the City Council's direction.

The City is a general purpose government that provides police and fire services, parks and recreation activities, water supply, treatment and distribution, sewage collection and treatment, storm drainage infrastructure and maintenance, street infrastructure and maintenance, housing assistance, planning and zoning, building code enforcement, a municipal court, and general administrative services. The accounting and reporting policies of the city conform to generally accepted accounting principles for local government.

Chehalis History

Originally founded as Saundersville in 1852, it wasn't until 1870 that the name was changed to Chehalis, an Indian word meaning "shifting and shining sand." Two years later, in 1872, Chehalis became the Lewis County seat and was incorporated on November 23, 1883. Our rich history is reflected in the design and architecture of both residential and commercial areas, with three historic districts that are recognized on the National Register of Historic Places. Exploring the 40+ historic buildings Downtown is easy with the Historic Downtown Chehalis Walking Tour booklet, which features facts and stories that bring history to life.

Living in Chehalis

Living in Chehalis provides an opportunity to appreciate the best of history while investing in the future. With an outstanding school district, the next generation is being prepared to make the City even better in the years to come. The Chehalis Foundation and the Chehalis Community Renaissance Team are also actively supporting efforts to make Chehalis even better in the future.

Started in 2009, the City's Community Renaissance Team has completed numerous successful

About Chehalis

projects, including remodel of downtown public restrooms; wayfinding signs and pedestrian kiosks; improvement and expansion of holiday decorations; and downtown beautification. With the help of generous donors and dedicated volunteers, the CCRT the team is currently administering a successful façade grant improvement program, providing downtown banners; and working with the Port of Chehalis to operate a coworking space in downtown Chehalis.

Looking for unique activities and events? Chehalis is a great place for family fun. In Chehalis, you can step aboard the Chehalis-Centralia Railroad & Museum's beautifully restored 1916 steam locomotive for a scenic ride through the winding Chehalis River valley. There is also a Civil War re-enactment where hundreds of living historians take to the field in battle and provide demonstrations about what life was like in military and civilian camps. ChehalisFest provides fun for the entire family every summer along with visits to the City's Aquatics Center at beautiful Recreation Park. When the weather turns cooler, downtown shopping and the annual Santa Parade brings Holiday fun for everyone.

For more information about the City of Chehalis, please visit us at ci.chehalis.wa.us or call us at (360) 345-1042. We would love to share more about our community.

Strategic Plan

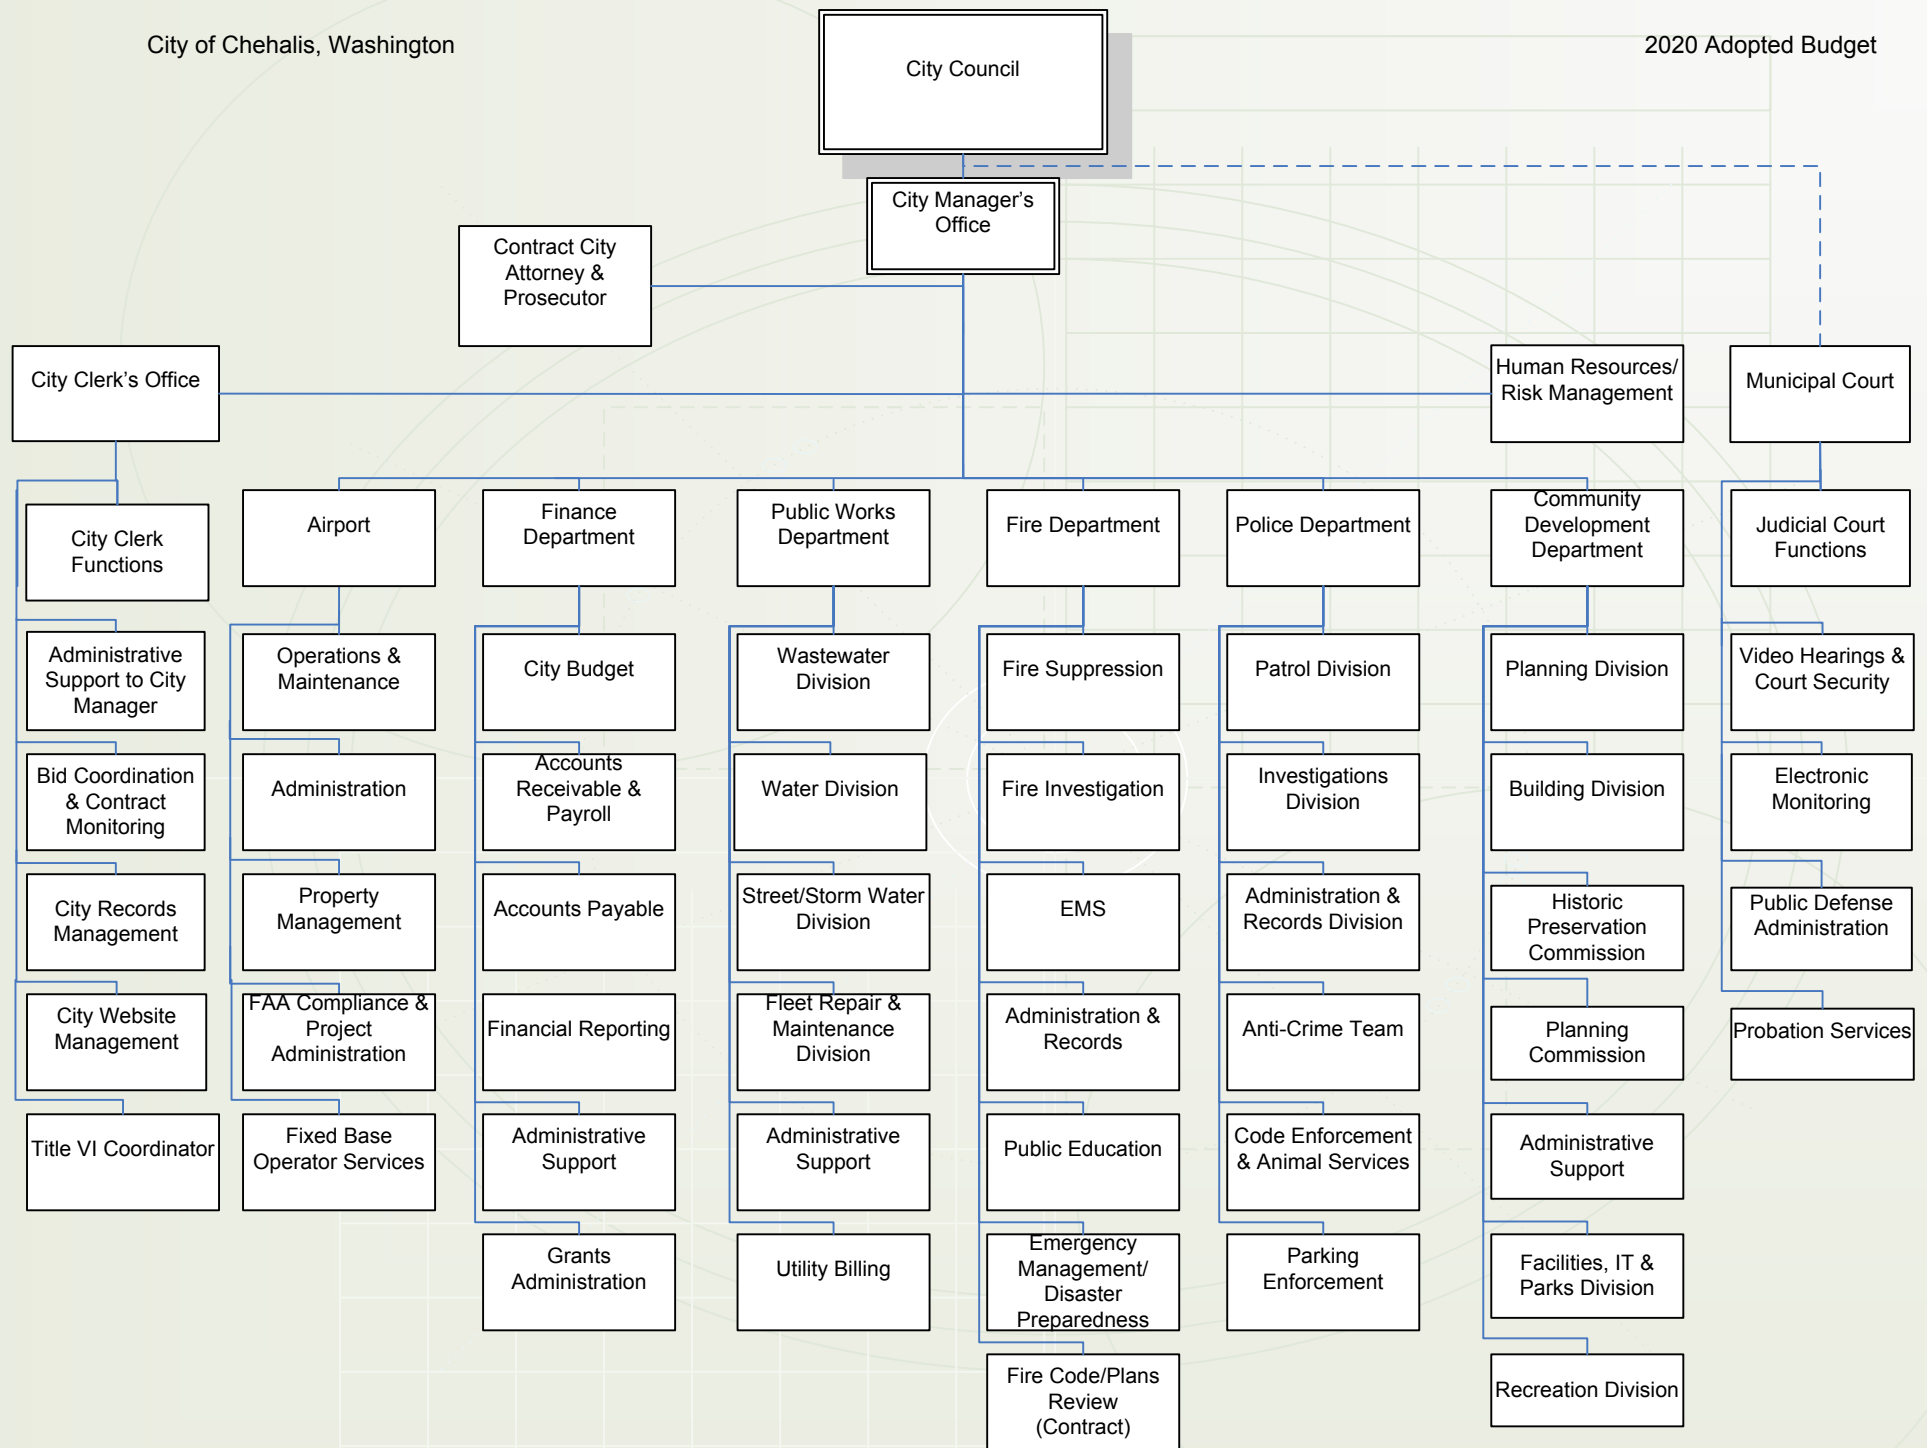

Mission Statement

While honoring the past and preparing for the future,
the City of Chehalis provides municipal services
and programs for the benefit of
residents, businesses, and visitors in our community.

Three Year Goals 2018-2020

- ♦ ***Maintain*** and enhance financial stability
- ♦ ***Enhance*** and modernize technology
- ♦ ***Increase*** and optimize staffing levels
- ♦ ***Improve*** and maintain the infrastructure
- ♦ ***Enhance*** and maintain facilities

(Recreation Park, Dispatch Center, and Fire Station)

BUDGET PROCEDURE

SCOPE OF BUDGET

Annual appropriated budgets are adopted for all governmental fund types, capital projects, and for all proprietary funds on the cash basis of accounting.

Annual appropriated budgets are adopted at the level of the fund; revenue and expenditure ledgers are used to compare the budgeted amounts with actual revenues and expenditures. As a management control device, the subsidiary ledgers monitor expenditures for individual functions and activities by object class.

Appropriations for general and special revenue funds lapse at year-end, except for appropriations for capital projects, which are typically carried forward from year to year until fully expended or until the purpose of the appropriation has been accomplished or abandoned.

PROCEDURES FOR ADOPTING THE ORIGINAL BUDGET

The city's budget procedures are mandated by RCW 35A.33. The steps in the budget process are typically as follows:

- A. The city council has a work session in July to review the mid-year current budget status and provide guidelines for the next year's budget preparation. Public input is encouraged.
- B. Department budget requests for the next year are submitted in August, with mission statements, service highlights, goals and objectives, and service and performance measures. These requests are reviewed by the city manager and finance director.
- C. The recommended budget is balanced by the end of September and the document is assembled and distributed by the end of October.
- D. The council reviews the recommended budget in work sessions and regular meetings beginning in late October or early November. A formal public hearing on the budget is also held during this process.
- E. The council makes adjustments to the recommended budget and adopts, by ordinance, a final balanced budget by December 31.
- F. Within 30 days of adoption, the final budget document is made available to the public.

AMENDING THE BUDGET

The city manager is authorized to transfer budgeted amounts between departments within any fund and between object classes within departments. Traditionally, city council approval is sought prior to any new financial commitment that requires the use of budgeted reserve accounts. Any revisions that alter the total expenditures of a fund, or that affect the number of authorized employee positions, salary ranges, hours, or other conditions of employment must be approved by the city council.

When the city council determines that it is in the best interest of the city to increase or decrease appropriations for a particular fund, it may do so by ordinance. Budgetary amendments usually are not material in relation to original appropriations. They are usually made during the middle and near the end of a fiscal year.

BASIS OF ACCOUNTING/BUDGETING

BASIS OF PRESENTATION - FUND ACCOUNTING

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. Each fund has a specific role and responsibility. Each fund is accounted for with a separate set of single-entry accounts that comprises its cash, investments, revenues and expenditures, as appropriate. Revenues and expenditures within each fund are closely monitored to ensure accuracy, accountability, and efficiency. The City's resources are allocated to and accounted for in individual funds depending on their intended purpose. The following are the fund types used by the City of Chehalis:

GOVERNMENTAL FUND TYPES:

Governmental funds are used to account for activities typically associated with state and local government operations. There are four governmental fund types used by the City of Chehalis:

General Fund

This fund is the primary operating fund of the City of Chehalis. It accounts for all financial resources except those required or elected to be accounted for in another fund and is generally considered to represent the ordinary operations of the City. In addition to the regular General Fund, the City has established managerial funds (sub-funds) per Council direction to set aside reserves and account for specific activities. They include the Building Abatement Fund, Dedicated Street Fund, and Compensated Absences Fund. The General Fund covers Police, Fire, Administration, Planning and Building Development, Finance, Legal, and Legislative Services. Major revenue sources include property, sales, and utility taxes and licenses and permit fees, and state shared revenues.

Special Revenue Funds

These funds account for proceeds of specific revenues that are legally restricted or designated to finance particular activities of the City, other than debt service or capital projects. Other restricted resources are accounted for in debt service, trust, and capital projects.

Special Revenue Funds include Arterial Street, Tourism, LEOFF1 OPEB Reserve Fund, 1982-90 CDBG, HUD Block Grant, Transportation Benefit District (TBD) funds. Gas taxes are collected into the Arterial Street Fund and must be used for the maintenance of our city roads and streets. The Tourism Fund accounts for Hotel/Motel taxes. The use of the TBD revenue is restricted by law and must be used for specific transportation projects contained in the City's transportation plan. Improvements can range from roads and transit service to sidewalks and transportation demand management. Projects may also include the operation, preservation, and maintenance of these facilities or programs. The LEOFF1 OPEB Reserve Fund accounts for a portion of the excess funds transferred from the Firemen's Pension Fund as recommended by an actuarial valuation report and annual firefighter's pension levy authorized per RCW Chapter 41.16 and approved by City Council during annual budget adoption. Use of the firefighter's pension levy contributed to the LEOFF1 OPEB Reserve Fund is restricted by law and must be used for medical and long-term care benefits to LEOFF1 retirees.

Debt Service Funds

These funds are used to account for the accumulation of resources for, and payment of general long-term debt principal and interest from governmental resources. Payment for general obligation bonds is backed by full faith and credit of the City. Typically, primary source of revenue to these fund is from property tax. The General Obligation Bonds Fund is the only debt service fund currently used in the City. A portion of the general fund revenues and a portion of the revenues received in the two REET funds are used for the City's L.T.G.O. debt service payment.

Capital Project Fund

These funds account for financial resources which are designated for the acquisition or construction of general government capital projects. Proprietary fund resources are directly expensed from the individual fund. Capital project funds include the Public Facilities Reserve, Automotive/Equipment Reserve, First Quarter Percent REET, and Second Quarter Percent REET funds. The revenues received into the Real Estate Excise Taxes (REET) funds are restricted by law to be used to finance particular general capital improvement projects.

PROPRIETARY FUND TYPES:

Proprietary Funds are used to account for services to the general public where all or most of the costs, including depreciation, are to be financed or recovered from users of such services. There are two generic fund types in this category: Enterprise Funds and Internal Services Fund. The City does not have internal services fund currently.

Enterprise Funds

These funds account for operations that provide goods or services to the general public and are supported primarily by user charges similar to private business enterprises. Enterprise funds include the Garbage, Water Utility, Wastewater Utility, Storm & Surface Water Utility, and Airport funds.

FIDUCIARY FUND TYPES:

Fiduciary funds account for assets held by the City on behalf of other individuals, other governments, and other funds. There are two fund types in this category: Pension Trust Fund and Agency Fund. Pension Trust funds account for the operation of a trust established for employee retirement benefits. Agency Funds account for funds held in an agency capacity for others by the City.

Firemen's Pension Fund

This fund is used to account for the accumulation of resources for pension benefit payments to qualified firefighters and their survivors.

Agency Fund

This fund is used to account for municipal court funds not belonging to the City.

BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. The City of Chehalis uses cash basis of accounting. Revenues are recognized only when cash is received, and expenditures are recognized when paid, including those properly chargeable against the report year budget appropriations as required by state law. Purchases of capital assets are expensed during the year of acquisition.

There is no capitalization of capital assets, nor allocation of depreciation expense. Inventory is expensed when purchased.

Budgets and Budgetary Accounting

The City of Chehalis adopts an annual appropriated budget for 22 funds. These budgets are appropriated at the fund level. The budget constitutes the legal authority for expenditures at that level. Annual appropriations for these funds lapse at fiscal year-end. Annual appropriated budgets are adopted on the same basis of accounting as used for financial reporting. When Council determines that it is in the best interest of the City to increase or decrease the appropriation for a particular fund, department, and object class, it may do so by ordinance approved by a simple majority.

Budgeted amounts are authorized to be transferred between departments within any fund/object classes within departments; however, any revisions that alter the total expenditures of a fund, or that affect the number of authorized employee positions, salary ranges, hours, or other conditions of employment must be approved by the City of Chehalis' legislative body. These values EXCLUDE estimated ending cash, they are for actual expenditures, capital uses/debt payments and transfers.

CITY OF CHEHALIS

2020 Budget Message

November 1, 2019

Dear Honorable Mayor Dawes and Members of the City Council,

The 2020 Proposed Budget was prepared to reflect a realistic assessment of the cost to maintain the current level of municipal services for the residents, businesses and visitors in the City of Chehalis. While the majority of the City's 22 separate funds are stable, the condition of the City's General Fund is less than healthy, and the 2020 Proposed General Fund Budget is balanced with one-time revenues. The proposed use of one-time revenues, such as the City's General Fund reserves, is needed because the cost of providing general municipal services has gone up faster than the revenues that can be used to pay for them. This made the review and analysis of the 2020 Draft Budget more challenging for all those involved, particularly the City Council Budget Committee. As in years past, Mayor Dennis Dawes, Mayor Pro Tem Terry Harris, and Councilor Bob Spahr invested significant time and effort to provide guidance and insights through the preliminary draft budget review process.

The 2020 Proposed Budget is the result of the work done by many members of the staff throughout the organization over the course of several months, as well as the careful review done by the City Council Budget Committee. The City's Finance Director, Chun Saul, also needs to be recognized for the large amounts of time and energy that she devoted to the preparation of a complete budget document and the accompanying financial analysis. She worked well with the department directors, managers, and program administrators and their staffs, who did a commendable job of preparing their budgets. Special thanks to Betty Brooks, Accountant; Tim McGuire, Financial Analyst (part-time); Nichole Paulis, Public Works Office Manager; and Kiley Franz, Administrative Assistant to the City Manager for the extra work that went into the preparation of the 2020 Proposed Budget.

GENERAL FUND

Background

The City's General Fund, which funds basic municipal services, including Police and Fire, had been experiencing significant increases in revenues since the depths of the recession; however, it took until 2016 to meet and just barely exceed 2008 sales tax revenues. Sales tax continued to increase in 2017 and 2018, buoyed by significant construction spending on two new schools. In 2019, the City's revenues began to level off and the City experienced a notable reduction in sales tax related to construction activity.

Unfortunately, costs continue to rise faster than revenues in all areas, particularly in the cost of providing salaries and maintaining benefits at a level near the average for similar size municipal agencies in WA to attract and retain high-quality employees. The State's Revised Code of Washington (RCW) provides legal direction on what agencies are comparable to Chehalis and provides binding arbitration for the settlement of Police and Fire collective bargaining contracts. The cost of services the City uses to conduct business have also increased, such as the cost of the 911 Communications Services which will increase 7% in 2020.

Budget Process

The process of preparing the budget document begins in late July. At that time, the City departments were directed to prepare their respective draft budgets consistent with the level of service provided in 2019. After the compilation of the requests by the Finance Department, the Finance Director and I met with each department to review their 2020 proposed budget. Modifications to the initial draft budget requests were made and information was updated as more details became available.

The Preliminary Draft Budget was then prepared and distributed to the City Council Budget Committee, which met multiple times to carefully review the budgets for each Department, including those that are fully funded by enterprise funds, which can only be used consistent with legal restrictions.

Financial Assumptions

For the General Fund, the 2020 Draft Budget that was presented to the City Council Budget Committee for review in October was balanced using \$721,500 beginning fund balance, which means that the proposed expenditures exceed estimated revenues by \$721,500. The projected ending General Fund Reserve was only \$377,870 or 3.57% of the General Fund's operating expenditures. This was a significant concern and options for increasing the ending reserve were presented to the City Council Budget Committee, which then provided direction that is discussed below.

Estimated Beginning Cash: In an effort to estimate the 2020 beginning cash more accurately based on estimated actuals, we reviewed the 2019 revenues and expenditures status as of August 2019. The prior year history for September through December was also evaluated to identify the end-of-year actual estimates for 2019 revenues, expenditures, and ending fund balance. ***This exercise led to the following assumptions:***

- The 2019 end-of year revenue is estimated to be \$97,518 **below** the 2019 Budget projection; and
- 2019 expenditures are estimated to be \$406,457 **below** the 2019 Budget, so
- 2019 estimated ending cash has been **increased** by \$308,939.

Therefore, the beginning cash for the 2020 Draft Budget was changed from 2019 Amended Budget ending cash to 2019 estimated end-of-year cash balance to reflect a realistic ending fund balance for 2019.

After careful review of each budget and considering options to close the gap between proposed revenues and expenditures, the Budget Committee concluded that it would be premature to make additional cuts to the budget, recognizing that it would require a corresponding reduction in services by leaving recently vacated positions in Police, Fire, and Streets unfilled. The

Committee also concluded that use of a banked capacity in 2020 is not advisable, as the City may have a greater need for it in 2021.

Closing the Gap: The Committee recommended closing the funding gap in the General Fund by:

- *Moving some of the budget expenditure requests to other reserve funds, when appropriate, for a total of \$408,571 (For example, vehicle purchases were moved to the Vehicle Replacement Reserve.)*
- *Reducing the 4% sales tax transfer to the Dedicated Street Fund to 1% or by \$148,590*
- *Transferring in \$45,000 from the Building Abatement Fund to the General Fund reserve*

This helped close the gap between the revenues and expenditures by \$602,161 and to establish the projected ending reserve at \$752,528. The 2020 Proposed Budget presented before you is balanced using \$346,842 of the General Fund beginning reserve, with the projected ending reserve of \$752,528. However, the 2020 Proposed Budget remains structurally imbalanced, i.e. ongoing expenses are exceeding ongoing revenues. This is of significant concern because the City is currently relying on one-time revenues to fund ongoing operations, which includes salaries and benefits. This also creates tremendous financial pressure on the City moving forward.

General Fund Operating Reserve: If revenues and expenditures are in line with projections, the General Fund Operating Reserve will be 7.5% of general fund revenues at the end of 2020. This is less than the 10% Reserve that the City Council has determined to be the policy goal and the Government Finance Officers Association recommends two (2) months of operating expenses, which is 16.7%. So, 7.5% is not a healthy annual reserve over the long-term. Therefore, it is recommended that the City Council use 2020 to assess the City's long-term financial condition and consider options for increasing revenues and reducing costs in the years to come. It is important to do this in 2020 so there is time to develop a reasonable plan to move toward a structurally balanced budget in 2021 and in 2022.

Looking Ahead

When planning for the future, there are some uncertainties in the economy that are of concern. Financial analysts report that the economy, which is in the longest recovery on record, is potentially vulnerable to a recession in 2020 or 2021. Sales Tax represents 52.4% of the City's estimated revenues, making the City particularly vulnerable to economic fluctuations. In 2020, there will be very close monitoring of revenues and expenses, along with economic trends to assess any reductions in sales tax revenue associated with consumer spending.

In the unfortunate event that there is a significant increase in unexpected expenditures and/or drop in revenues, the City will have to carefully assess its financial condition and make adjustments as early as March 2020 as we close the 2019 fiscal year. This is particularly difficult because most City services are delivered through people and about 73% of the General Fund Budget is attributed to salaries and benefits. Furthermore, 56% of expenditures are related to Police and Fire services. Therefore, if significant reductions are needed to restore structural balance to the budget, it will likely require very difficult decisions related to what level of service can be maintained over the long-term.

While the possibility of revenue reductions is sobering, the City does have some very positive revenue enhancement possibilities projected for 2021, namely the lease of 16+ acres adjacent

to I-5 for a shopping center development. The one major caveat is that development is very sensitive to the economy and could be delayed if economic indicators start to suggest that the economy is contracting. In addition, the City has a strategic goal to proceed with an annexation plan along its borders in 2020, which when completed would add residential and commercial property to the City leading to some increases in sales and property tax revenue in 2021 or 2022.

RESTRICTED FUNDS

The City's restricted funds, including the City's utility enterprise funds, are generally stable. The Enterprise funds, which are legally restricted funds for the operation of the City's utilities and the airport, include budgets for needed capital projects in the City's water, sewer, and airport divisions, primarily paid for by grants and state low interest loans. The Dedicated Street Fund, which is supported through a transfer from General Fund Sales tax revenues consistent with Council policy, continues to be used to fund the program for chip sealing and crack sealing of street and road miles within city limits. However, due to financial constraints, the funding level was reduced from 4% to 1% for year 2020. The Proposed Budget includes a new reserve fund for LEOFF 1 retiree medical benefits (LEOFF 1 OPEB) with dedicating the pension levy authorized at 22.5 cents per \$1,000 assessed valuation. In addition, the City will continue to make street improvements made possible by the Transportation Benefit District, which is funded by a 0.2% increase in the sales tax approved by voters and went into effect in July 2017. Each fund is summarized in the pages that follow this budget memo and presented in detail in the body of the budget document.

ONGOING BUDGET CONSIDERATIONS

Fortunately, the City is addressing its current fiscal issues while the economy is still relatively stable. However, there are some issues that will have significant budget impacts in the coming years, including the following concerns, which are also addressed in the City's Strategic Plan:

- **Facility Maintenance:** Ongoing maintenance and repair or replacement of the City's aging buildings and facilities, particularly the building of a new fire station, will continue to require investment of very limited General fund resources. The City is in the process of purchasing property that would be suitable for a new fire station and is planning to initiate preliminary architectural design in 2020. Financing of the property purchase will further strain the General Fund and it is anticipated that a voter approved levy will be needed to construct the new station. This issue can no longer be delayed because the old building can no longer be used as a fire station due to seismic and extreme weather vulnerability.
- **Vehicle Replacement:** Many of the vehicles used by General Fund activities, particularly Parks and Facilities are more than a decade old, some are nearly 30 years old, and in need of replacement. While Police patrol cars are on a regular replacement schedule, an annual appropriation is still needed and could be compromised if expenses continue to increase faster than revenues.
- **Retirements:** Planning for the tangible and intangible costs associated with the anticipated retirement of 15% of City's workforce in the next two years. This includes payments for vacation and sick leave accruals that are due to long-time employees at the time of retirement; as well as the costs to attract, train, and retain a new generation

of workers, particularly those in the fields requiring special licenses, such as public works. The Administration is aware of nine planned retirements in 2021 alone, with an estimated cost of \$310,000 to the General Fund for the associated payments due when they leave the City.

- **911 Dispatch:** The City is continuing to explore options for improving the delivery of 911 Dispatch services in cooperation with the City of Centralia and the Riverside Fire Authority (RFA), as well as Lewis County which is the current provider. Lewis County, with support from the Cities and RFA, is now working on developing a scope of work for a feasibility study of joining Thurston County Communications (TCOMM) which is a highly effective 911 service provider. Regardless of the path chosen, the costs associated with 911 will increase in the years to come, regardless of the options chosen due to the technology and infrastructure demands associated with making any changes.

CLOSING COMMENTS

The budget challenges identified in the 2020 Proposed Budget being presented with this memo are very concerning and I will remain vigilant, along with the Finance Director in monitoring expenditures and revenue trends. The City Council Budget Committee plans to meet quarterly in 2020 to provide careful oversight of the situation and preliminary policy guidance as necessary. As always, financial reports will be provided throughout the year to keep the City Council informed and request policy direction as needed.

Due to the concerns about the status of the City's General Fund, I expect that there will be a City Council workshop in the first half of 2020 to consider the implications of the structural deficit and develop a plan to move toward a structurally balanced budget in 2021 and 2022. I appreciate the City Council's commitment to maintaining the current level of service in response to community expectations, while considering opportunities to reduce costs and increase revenues to achieve revenue stability with a fiscally responsible approach.

I am honored to serve you, the staff, and the community as your City Manager. Your continued support as we move through the 2020 Budget preparation process and beyond is truly appreciated. While the challenges before us are significant, I look forward to working with you to identify solutions that will serve our community now and in the years to come.

Sincerely,

Jill Anderson

Jill Anderson
City Manager

SUMMARIES OF THE GENERAL FUND AND RESTRICTED FUNDS

General Fund (Fund 001)

The General Fund budget is \$10,324,818. The budget is balanced with a total revenue projection of \$9,977,976 and use of \$346,842 General Fund reserves (beginning cash).

Revenues: It is projected that overall General Fund revenues will be up by \$36,126 or 0.4% from 2019. Total tax revenues make up 87.0% of the General Fund revenues.

Sales tax is the largest revenue source for the City and makes up 51.6% of the 2020 General Fund revenues. The sales tax is projected to increase 0.1% over the amount estimated in the amended 2019 budget and 0.8% over the 2019 estimated year-end totals. The 0.1% estimate is based on the last three-year average revenue plus 1.5% inflation rate, which is based on the June Consumer Price Index for last ten years (average 2.08%) with an adjustment for potential reduction in consumer spending in 2020.

In 2017 and 2018, sales tax was bolstered by significant construction spending, primarily related to the building of two new elementary schools has been in April 2019. Typically, sales tax revenues from construction activities are considered one-time in nature and are recommended to be excluded from future revenue projections unless other economic or financial data can support the continued growth. During the 2019 budget preparation, it was projected that no large-scale construction will take place in 2019 and that sales tax growth was projected to level off in the coming year. However, the sales tax revenue projection in the 2019 proposed budget was not adjusted for possible sales tax revenue reduction from construction activities.

As predicted, at the end of September 2019, sales tax from aggregated construction sector has declined by \$156,100 or 41.2% from 2018. On the positive note, sales tax from non-construction sales increase by \$152,600 or 4.6% during the same period. At the close of September, the year-to-date sale tax revenue is about 1.2% or \$57,000 below the nine-month target. With the construction activities currently taking place at the Airport and Recreation Park, we are hopeful that the gap between the budget projection and actual revenue would be lessened by the end of 2019.

At this time, there is uncertainty surrounding the unknowns related to construction spending, or lack thereof in the coming year. Sales tax is closely tied to the economy which is cyclical in nature, with a downturn in the economy approximately every 10 years. The great recession occurred in 2007 to 2009, which suggests that there may be another downturn in the next 18 months (in 2020). Therefore, sales tax trends will be monitored closely.

Property tax is the second largest revenue source for the City and makes up about 19.4% of the 2020 General Fund revenues. Property tax revenue is projected at \$1,937,842, up by \$11,093 or 0.6% from the 2019 amended budget. The proposed budget includes the estimated 1% maximum allowed increase of \$19,031, estimated the tax levy for new construction \$15,733, and removing delinquent tax from projection. 100% of tax levy is budgeted, but typically only about 98.5% of the levy is collected in the levy year. In previous years, estimated delinquent tax collection was added to the budget projection and causing the budget being inflated by that amount.

Utility tax is the third largest revenue source used to fund municipal services. Utility tax revenue is projected at \$1,592,635, which is a \$16,145 or 1.0% decrease from the 2019 amended budget. 2020 utility tax revenues are projected using last three-year average collection. Telephone utility tax revenue projection shows a \$42,112 decrease from the 2019 budget.

Other revenues are expected to remain relatively stable.

Expenditures: The proposed budget projects expenditures of \$13,324,818, which is \$812,675 or 7.3% less than in 2019. \$630,520 of the \$812,575 is for transfers to reserve funds. The combined budgets of the Police and Fire Departments represent 56.4% of General Fund expenditures in 2020, which reflects the high priority of keeping residents and visitors in Chehalis safe.

Municipal services are delivered primarily through people, which is the largest ongoing cost to the General Fund. Salaries and benefits make up almost 73% of General Fund expenditures. The proposed expenditures reflect increases for health insurance premiums and salary and wage increases for all employees, including non-represented employees, consistent with contracts, collective bargaining agreements, and policy direction consistent with applicable State law.

Ending Fund Balance: The projected General Fund ending balance, also referred to as fund reserve, is estimated to be 7.5% of General Fund revenues at the end of 2020. This does not meet the City Council policy of maintaining a 10% fund reserve. Reserve funds are necessary to address unforeseen expenses, including equipment and facility repairs, as well as emergencies.

SUMMARIES OF RESTRICTED FUNDS

Dedicated Street Fund (Fund 003)

In 2014, the City Council adopted a policy to allocate 4% of the City's sales tax revenue is transferred to this fund to be used and accumulated for needed City street repairs and improvements. Unfortunately, the City is facing financial constraints as it enters 2020. The Budget Committee has recommended that the local sale tax contribution to this fund reduced from 4% to 1% for 2020 Proposed Budget. In 2020, it is anticipated that there will be a transfer in of \$49,530 from the General Fund, with expenditures of \$208,520. The estimated fund balance at the end of 2020 is \$54,510.

Building Abatement Fund (Fund 004)

The Building Abatement Fund was established by the City Council in 2017 for the purpose of removing hazards to public health and safety and potentially address aesthetic concerns related to abandoned buildings in our community. The 2020 budget includes a \$45,000 transfer back to the General Fund as a one-time fix to help reduce the gap between revenue projections and increasing costs estimated for 2020. The estimated fund balance at the end of 2019 is \$59,665.

LEOFF1 OPEB Reserve Fund (Fund 005)

The LEOFF1 OPEB Reserve Fund is created with the 2020 Budget adoption to provide funding for the LEOFF 1 retiree medical benefits. The pension levy at 22.5 cents per \$1,000 assessed

value is the main source of the funding, which is restricted by law and must be used to pay LEOFF 1 medical benefits. The 2020 Budget includes transfer in of \$166,049 from the General Fund for pension levy and \$67,500 from the Firemen's Pension Fund, with expenditures of \$223,500.

Arterial Street Fund (Fund 102)

The Arterial Street Fund is a special revenue fund that accounts for the state distributed motor vehicle fuel tax (MVFT) that is restricted to be used for city street purposes. The MVFT distribution is based on population. The MVFT is the only revenue source for this fund. The City uses this fund primarily for the "oiling and chip sealing" program for our city streets. The 2020 revenue is projected at \$162,399, which is a \$3,105 or 1.9% decrease from the 2019 budget.

Transportation Benefit District Fund (Fund 103)

On February 14, 2017, the voters of Chehalis approved a 0.2% increase to the sales tax to fund the Transportation Benefit District. The increase went into effect in July 2017. The use of these funds is restricted by law and must be used for specific transportation projects contained in the City's transportation improvement plan. Improvements can range from roads and transit service to sidewalks and transportation demand management. Projects may also include the operation, preservation, and maintenance of these facilities or programs.

2020 revenue is estimated at \$1,174,960 which is a \$182,442 or 18.4% increase from the 2019 budget. Total project costs budgeted in 2020 is \$1,500,000, and the estimated fund balance at the end of 2020 is \$1,695,340.

Tourism Fund (Fund 107)

The Lodging Tax Advisory Committee (LTAC) requested funding for organizations that advertise and promote tourism in the City and "put heads in beds". The sole revenue source (except for interest earnings on the fund balance) for this fund is the local Hotel/Motel sales tax and special local Hotel/Motel tax. 2020 revenue is projected at \$243,6305, which is a \$17,645 or 7.8% increase from the 2019 budget. The Council approved the 2020 recommendations of the LTAC on October 14, 2019. The 2020 approved expenditures are \$342,831, including \$63,396 for the debt service payment of the 2019 L.T.G.O. for the Recreation Park renovation project. LTAC reserves will be used to fund the difference between the proposed revenues and expenditures, per the recommendation of the LTAC. The estimated fund balance at the end of 2020 is \$114,417.

Compensated Absences Reserve Fund (Fund 110)

The Compensated Absences Reserve Fund was established in 1985 for the purpose of setting aside funds to be used for compensation of employees for cash outs for unused accrued leaves, approved disability leaves, approved unemployment benefits, and authorized severance pay. During the great recession of 2007-2009 and the subsequent long recovery, all funds had been expended. During 2019, the Council approved a transfer of \$100,000 to this fund from the General Fund. Ideally, an amount of money would be set aside every year to more effectively manage the one-time payments for retiring General Fund employees and potential unemployment benefit liabilities. Unfortunately, no additional funding is planned for 2020 due to financial constraints. Additionally, the 2020 Budget includes \$71,488 expenditures and \$3,640 interest revenue. The estimated fund balance at the end of 2020 is \$128,914. Additional funding

will be needed as the City anticipate several general fund employees retiring in 2021 with significant amount of cash out values.

Community and Housing Development Block Grant Funds (Funds 195 and 197)

The CDBG and HUD Block Grant Funds are used to provide home rehabilitation loans which were funded by the Community Development Block Grant and the Department of Housing & Urban Development Grant. The balance of the loans will be received by the City as ownership of these properties are transferred to anyone other than the loan holder. As of September 1, 2019, the outstanding loan principal on CDBG loan and HUD loan were \$81,963.91 and \$38,148.94, respectively.

No revenues are projected for 2020. The estimated fund balance for the CDBG and HUD Grant funds at the end of 2020 are \$23,958 and \$87,559, respectively. There are no plans to spend the remaining balances in 2020; however, the Council Budget Committee would like to explore how the City might best use these funds in the future consistent with any legal restriction on their use.

G.O. Bond - Debt Service Fund (Fund 200)

The Debt Service Fund was created to record the payments on the 2011 General Obligation Bonds. Additionally, in 2019, the City issued Limited Tax General Obligation (LTGO) Bond, 2019 for the Recreation Park renovation project. The General Fund and the two REET funds provide funds to cover the 2011 LTGO debt service and the Tourism fund provides the funds for the 2019 LTGO debt service. For 2020 total debt service expenditures are \$160,915.

Public Facilities Reserve Fund (Fund 301)

The Public Facilities Reserve Fund was established many years ago to set aside money over time to prepare for significant maintenance, repairs and renovation of the City's buildings, which are used to provide public services to our community. However, during the great recession of 2007-2009, and the subsequent long recovery, money was not set aside in this fund for future public facilities improvements due to a lack of funds.

During 2019, the Council approved a transfer of \$284,000 to this fund from the General Fund to set aside for future fire station land acquisition and other major facilitate maintenance or repairs. Ideally, an amount of money would be set aside every year to more effectively manage the one-time payments for vehicles and large equipment. Unfortunately, the City is facing financial constrains again as it enters 2020, there is no additional funding is provided in the 2020 Proposed Budget.

The 2020 Proposed Budget includes \$911,393 expenditures to complete the Recreation Park renovation project. The estimated fund balance at the end of 2020 is \$343,702, which is assigned for the repairs at the Library, Fire Station land acquisition, and other major general city facility maintenance.

Automotive/Equipment Reserve Fund (Fund 302)

This fund was established for the purpose of setting aside money on a regular basis to be able to replace the City's vehicles and equipment as needed. However, after the recession of 2007-

2009, and the subsequent long recovery, all funds had been expended. During 2019, the City Council approved the transfer of \$181,780 from the General Fund into this fund to replenish \$81,780 that was used in 2019 plus \$100,000 set aside for future needs.

Unfortunately, the City is facing financial constraints again as it enters 2020. Not only there is no additional funding provided but also a \$181,083 budget request from police and fire for vehicles and equipment were moved to this fund, with the Council Budget Committee recommendation to close the funding gap in the General Fund.

The 2020 Proposed Budget includes \$181,083 expenditures to purchase three vehicles: one police patrol car (\$40,000); one police admin car (\$25,000), and a one-ton brush fire truck (\$40,000) to reduce potential damage to the other fire engines which are not designed for off-street terrain; and an electric gurney (\$45,306) and Hurst tool (\$30,777) for the fire department

The estimated fund balance at the end of 2020 is \$50,525.

First and Second Quarter Percent REET Funds (Funds 305 and 306)

The First and Second Quarter Percent Real Estate Excise Tax (REET) Funds were established in accordance with state requirements to account for real estate excise taxes which have specific criteria for usage.

The 2020 Proposed Budget includes transfers out to fund the debt service for the 2011 General Obligation Bonds, which was issued to fund the city hall acquisition cost.

The 2019 projected revenues and expenditures for the First Quarter Percent REET fund are \$112,980 and \$39,982, respectively, with an estimated fund balance of \$200,975 at the end of 2020.

The 2020 projected revenues and expenditures for the Second Quarter Percent REET fund are \$113,300 and \$33,156, respectively, with an estimated fund balance of \$224,228 at the end of 2020.

Garbage Fund (Fund 402)

This fund is used to account for the revenues and expenditures associated with the City's organic waste disposal site at Stan Hedwall park. For 2020, the projected revenue is \$6,730 and expenditures is \$6,610, with an ending fund balance of \$8,336.

Wastewater Fund (Fund 404)

The 2020 revenues for the Wastewater Fund are projected to be \$5,580,395, and expenditures are projected to be \$5,124,563. The projected fund balance at the end of 2020 is \$5,245,881.

Water Fund (Fund 405)

The 2020 revenues for the Water Fund are projected to be \$3,208,280, and expenditures are projected to be \$4,672,394 which includes one-time expenditures of \$2,043,965 for capital projects. The projected fund balance at the end of 2020 is \$5,731,957.

Storm & Surface Water Utility Fund (Fund 406)

The Storm & Surface Water Utility Fund provides planning, construction, operation and maintenance of the City's storm drainage system. In 2020, the projected revenues are \$735,695 with planned expenditures of \$682,833, including one-time expenditures of \$175,200 for capital outlays. The projected fund balance at the end of 2020 is \$1,444,407.

Airport Fund (Fund 407)

This fund is dedicated and restricted to the operation of the Chehalis-Centralia Airport. In 2020, the projected revenues are \$4,423,173, including one-time FAA grant funding for the Taxiway Realignment project in the amount of \$2,644,795. Total expenditures are estimated at \$4,429,286, including one-time expenditures of \$2,939,678 for the Taxiway Realignment grant funded project as well as capital equipment acquisition. The estimated fund balance at the end of 2019 is \$516,969.

Firemen's Pension Fund (Fund 611)

This fund is restricted to payments for supplemental or "excess pension benefits" to retirees who had pre-LEOFF service credits. LEOFF is the acronym for Law Enforcement Officers' and Fire Fighters' Retirement System.

In October 2019, an actuarial valuation of the City of Chehalis Firefighter's Pension Fund was performed by Milliman, Inc. The actuarial valuation report provided that the current assets as of January 1, 2019 is sufficient to pay all future FPF pension benefits and that the Fund is larger than the value of the expected FPF pension benefits, and a portion of the excess could be used to pay these benefits. The report further recommended that use of the excess fund limited to \$78,000 per year over the next 10 years.

The 2020 Proposed Budget includes \$12,770 for pension benefits and \$67,500 transfer out to the LEOFF1 OPEB reserve fund for medical benefits. The pension levy is no longer received in this fund as the actuarial valuation provided that the Fund has sufficient fund to pay all future pension benefits, thus, with the Council Budget Committee recommendation, the 2020 projected pension levy is budgeted in the LEOFF1 OPEB reserve fund. The fire insurance premium tax is budgeted for \$13,550.

The projected fund balance at the end of 2020 is \$970,716.

City Agency Fund (Fund 633)

This fund was established to account for the funds received by the Municipal Court that are owed to a person or an agency. They are held in this fund until it can be determined what disbursements need to be made and to whom. The fund was first established when the City converted to the cash basis of accounting. For 2020, projected revenues and expenditures are \$275,340 and \$272,510, respectively, with the estimated balance of \$12,734 at the end of 2020.

#####

DESCRIPTION of CITY REVENUES

Revenue is the money that comes from taxes, fees and charges, and intergovernmental disbursements. The revenue collected is then used to provide a range of municipal services, including public safety, street maintenance, development services, parks and recreation and human services. The non-operating part of the budget accounts for principal and interest payments on outstanding debts, capital improvements, and reserves. Revenues in 2019 will continue to be reviewed throughout the year and will be adjusted accordingly.

Each of the funds detailed within the 2020 Budget have a specific purpose and responsibility. The funds act much like separate checking accounts maintained by family members. Each fund accounts for all revenues and all expenditures/expense transactions that occur throughout the year. This allows the City to accurately record revenues and authorize and monitor expenditures as to source and purpose for greater accountability and improved efficiency. This is critical because most of the City's funds are legally restricted to specific activities.

Most traditional local government functions, including legislative services; legal; administration; finance; police; fire; parks and recreation; planning and building inspections; facility maintenance; and street maintenance are budgeted within the General Fund.

Following is a list of many of the funding sources for the City. This list is not meant to be all-inclusive, but is meant to assist in understanding how and where much of the money comes from in the support of general services of the City.

TAXES

Property Tax – Regular and Emergency Medical Service (EMS) Levy

Property tax levies are typically used by local governments for operating and maintenance costs. They are not commonly used for capital improvements.

Property taxes are the second largest source of revenue in the General Fund for the City. All real and personal property (except where exempt by law) is assessed by the Lewis County Assessor at 100 percent of the property's true and fair market value. Every parcel in the county must be physically inspected and reappraised at least once every six years. Assessed values are adjusted each year based on market value changes. The county treasurer acts as an agent to collect property tax levied in the county for all taxing authorities, including Chehalis. Collections are distributed after the end of each month. Property tax revenues are recognized when cash is received by the City of Chehalis. Delinquent taxes are considered fully collectible because a lien affixes to the property after tax is levied.

Cities and counties with a population under 10,000 may not increase their total levy amount more than 1% annually, known as the "levy lid" (excluding levies for new construction or increases in state-assessed utility valuations) over the previous year's lawful levy amount. However, local governments can exceed the 1% levy lid if they have banked capacity available under RCW 84.55.092. If a jurisdiction did not take the maximum 1% increase in the past, it will have banked capacity available. The City of Chehalis has a banked capacity of approximately \$243,000 going into 2020 tax levy year.

Local governments may also exceed the 1% levy lid for one or more years if they have not reached their statutory levy rate limit through a "levy lid lift". This option requires voter approval with a simple majority of votes. The maximum rate allowed by state law for cities is \$3.60 per \$1,000 assessed valuation (AV). An additional \$0.225 is allowed for a taxing district that has a Firemen's Pension Fund and is also in a library and/or fire district, for a total of \$3.825. The maximum allowable rate for Chehalis' regular levy is \$3.325 ($\$3.60 + \$0.225 - \$0.5 = \3.325) because the City has annexed to the Timberland Regional Library system and relinquished up to \$.50 of the \$3.60 maximum.

The new construction levy does not increase the overall tax rate paid by property owners. The annual tax impact on a property owner is usually different than the percent increase of the levy, since it depends on several factors such as changes in the assessed valuation of the property, growth in the City's overall assessed valuation, and levy increases by other taxing districts. While new growth and development will increase the City's property tax revenues, providing services to these areas will also increase operating and maintenance costs.

Although property taxes represent a major source of funding for City services, the portion of each property owner's total tax bill allocated to the City is relatively small.

Regular Levy: The 2019 regular property tax levy by the City was \$2.202 per \$1,000 of assessed valuation. \$0.225 of the \$2.202 was allocated by statute to the Firemen's Pension Fund. The remaining revenue generated by the regular tax levy is currently used for operations and maintenance.

EMS Levy: The state authorizes a rate up to \$0.50 per \$1,000 AV in property tax for emergency medical purposes. The citizens of Chehalis passed an emergency medical service ballot measure in 1989 to assess \$0.25 per \$1,000 AV for EMS equipment and supplies. In 1993, they again passed an additional \$0.25 per \$1,000 AV, and the use was broadened to include all emergency medical costs including staffing. The 2019 EMS levy rate was \$0.450 per \$1,000 AV.

The following schedule shows property tax receipts for the last ten years.

USE	2019 [^]	2018	2017 ¹	2016	2015	2014	2013	2012 ²	2011	2010
General Fund	\$864,505	\$1,284,729	\$1,317,799	\$1,239,018	\$1,247,319	\$1,221,741	\$1,205,330	\$1,211,882	\$1,193,144	\$1,186,966
Firemen's Pension	99,398	156,379	143,492	134,426	134,353	130,733	129,107	133,322	-	-
EMS Levy	197,320	309,136	314,676	297,504	234,598	231,302	228,349	230,646	228,407	227,206
TOTAL	\$1,161,223	\$1,750,244	\$1,775,967	\$1,670,948	\$1,616,270	\$1,583,776	\$1,562,786	\$1,575,850	\$1,421,551	\$1,414,172

Foot Notes:

[^] Tax Collected Year-to-date 10/29/2019

¹ Industrial Area Annexation

² Ordinance 884.B. 10.7% increase over 2011 regular levy amount

Retail Sales and Use Tax

Sales tax is levied on the sale of consumer goods (except most food products and services) and construction. The amount of revenue generated by sales tax fluctuates from year to year due to changes in the economy, buying habits of consumers, and the level of construction taking place in the City. Local governments may collect a tax on retail sales of up to 1.0%.

Counties pay impose a non-voted 0.1% sales tax for criminal justice purposes. This sales tax may only be imposed by the county, but the county must share its revenue with all cities and towns in the county.

The combined sales tax rate for Chehalis, WA is 8.2%. This is the total of state, county, city sales tax, and City of Chehalis Transportation Benefit District (TBD) rates. The Washington State sales tax rate is currently 6.5%, in addition the State deducts a 0.01% administration fee and Lewis County receives 0.64%. The City of Chehalis TBD receives 0.2%. The City's effective rate is 0.85%.

Utility Taxes

Utility taxes are levied on the gross operating revenues that public and private utilities earn from operations within the boundaries of the City. This applies to electric, natural gas, water, sewer, surface water, solid waste, cable TV, and telephone. There are no restrictions on the tax rates for water, sewer, surface water, and solid waste utilities. However, legislation passed in 1982 limits the tax rate on electric, gas, steam, and telephone utilities to 6%. The city must ask voters to approve a rate higher than 6% for these utilities.

Cell phone and pager services may be taxed at the same rate as other telephone services; however, the federal internet Tax Freedom Act Amendments Act of 2007, Public Law 110-108, prohibits the imposition of state and local taxes on internet services.

In Chehalis, a 6% tax is collected on cable TV, electricity, natural gas, telephone, water, sewer, and garbage.

Real Estate Excise Tax (REET)

Real Estate Excise Tax is levied on all sales of real estate, measured by the full selling price, including the amount of any liens, mortgages, and other debts given to secure the purchase. The State levies this tax at the rate of 1.28%.

Cities are also authorized (RCW 82.46) to impose a local tax of 0.25% of the purchase price of real estate within the city limits. The Growth Management Act authorizes collection of another 0.25%. Both the first and second 0.25% are to be used solely for financing capital projects specified in the City's Capital Facilities Plan. Capital projects are defined as those public works projects of a local government for the planning, acquisition, construction, reconstruction, repair, replacement, rehabilitation, or improvement of streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, bridges, domestic water systems, storm and sanitary sewer systems, and parks. In addition, the first 0.25% may be used for acquisition of parks and recreation facilities. However, the acquisition of land for parks is not a permitted use of the second 0.25% funds.

The revenue source could be applied directly to a specific project or need in the Capital Facilities Plan, or it could be used for bond redemption.

Business & Occupation (B&O) Tax

RCW 35.11 authorizes cities to collect this tax on the gross revenue or gross income of businesses conducting business within the City limits, not to exceed a rate of 0.2%.

B&O taxes are imposed by the legislative body and do not require voter approval unless the rate exceeds 0.2% of gross receipts or gross income. However, all ordinances that impose B&O tax for the first time or raise rates must provide for a referendum procedure using the procedures in RCW 35.21.706, regardless of whether or not the city has otherwise adopted powers of initiative and referendum.

All revenues generated by a B&O tax are unrestricted and may be used for any lawful governmental purposes. The City of Chehalis does not have this tax, so this revenue source is not available.

Hotel/Motel Tax

Hotel/Motel tax is levied upon charges made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, trailer camp and other transient accommodations in the City. Most cities may impose a "basic" 2% tax under RCW 67.28.180 on all charges for furnishing lodging at hotels, motels, and similar establishments (including bed & breakfasts and RV parks) for a continuous period of less than one month. The tax is taken as a credit against the state sales tax, so that what a patron pays in retail sales tax and the hotel/motel tax combined is equal to the retail sales tax in the jurisdiction. It is collected and administered by the Washington State Department of Revenue. State law requires that these taxes be credited to a

special fund with limitations on use, principally to generate tourism/convention activities that bring new visitors to our area, as prescribed by RCW 67.28.310. The City of Chehalis has created the Tourism Fund for this purpose. Cities with over 5,000 population, like Chehalis, are required to have a "Lodging Tax Advisory Committee" of at least five members appointed by the City Council.

Leasehold Excise Tax

The State of Washington imposes a 12.84% leasehold excise tax on the act or privilege of occupying or using publicly owned, or specified privately owned, real or personal property. In addition, any city or town is authorized to levy and collect a leasehold excise tax up to 4% of the taxable rent on the occupancy or use of the same publicly owned real or personal property within its jurisdictional limits. Counties have similar leasehold excise tax authority up to a rate of 6%. These local leasehold excise taxes do not require voter approval. The City imposes a 4% leasehold excise tax of taxable rent. The City collects the 12.84% leasehold tax and remits the full amount to the Department of Revenue (DOR). The DOR, after deducting an administrative fee, distributes the taxes back to cities on a bimonthly basis.

LICENSES & PERMITS

Building Related Permits

This category consists primarily of revenue collected by the Planning & Building Department. Included in this category are building permits, plumbing permits, and mechanical permits. Fees imposed for permits are typically subject to a base charge determined by the type of permit, plus additional fees determined by either the dollar value or size (square foot or number of units) of the project.

Planning/Land Development Permits

Approvals for the use of property, including subdivisions, special use permits, and site plan reviews comprise this category of revenue and also includes civil plan review charges. Fees are typically set to reflect the relative cost to process the application, with permits that require a public hearing having higher fees due to the cost of the Hearing Examiner and public notices.

Business Licenses and Permits

This category includes the issuance of business licenses. The fee structure for business permits is typically an annual fee or one-time charge depending on the particular type of license or permit. The City of Chehalis also requires businesses with no physical presence in Chehalis that are doing business in the City (e.g. contractors) to obtain a business license through the State.

Franchise Fees

Franchise fees are charges levied on private utilities for the right to use city streets, alleys and other public properties. Cable TV franchise fees are governed by federal rather than state law and may be levied at a rate of five percent of gross revenues, regardless of the cost of managing the franchise process. The Federal Communication Commission ruled in 2002 that cable companies do not have to pay franchise fees on cable modem services.

INTERGOVERNMENTAL REVENUES

State Shared Revenues

The State of Washington shares some of the revenues it collects with counties, cities, and towns across the state. These revenues come from a variety of sources and are often distributed on a per capita basis, although some shared revenues are distributed according to other criteria. State shared revenues are distributed on either a monthly or quarterly basis, although not all quarterly revenues are distributed in the same month of the quarter.

2020 State Shared Revenues - Estimated		
Share Revenues	Per Capita Amount	Est. 2020 Revenue
Liquor Profits	\$ 8.02	\$ 60,430
Liquor Tax	\$ 5.49	\$ 41,370
Criminal Justice - Population Based	\$ 0.31	\$ 2,340
Criminal Justice - Special Program	\$ 1.12	\$ 8,440
Gas Tax	\$ 20.06	\$ 151,152
Increased Gas Tax	\$ 1.19	\$ 8,967
Multi-Modal Distribution	\$ 1.36	\$ 10,250
Marijuana Excise Tax	\$ -	\$ -
Total	\$ 37.55	\$ 282,949

The population figure used in the 2020 Budget is 7,535 as determined by the Office of Financial Management for Washington State as of April 1, 2019. This figure is important when determining distribution of state shared revenues on a per capita basis. The above table shows the amount of state shared revenues projected in the 2020 Budget.

Motor Vehicle Excise Tax

State shared revenues also include motor vehicle excise tax and local vehicle license fees. Revenues must be spent for “highway purposes”, including the construction, maintenance, and operation of city streets.

Liquor Excise Tax and Liquor Profits

In Washington State, liquor sales were controlled by a state-operated monopoly until Initiative 1183 passed in November 2011 which privatized the distribution and retail sale of liquor, effective June 1, 2012. The markups on liquor have been replaced as a state revenue source by license fees that are paid to the state by retailers and distributors. Liquor revenue is received by the cities from two sources - liquor excise taxes and liquor profits.

Liquor excise tax is imposed on liquor and wine sales. Two percent of the distribution must be used to support an approved alcoholism or drug addiction programs.

The Liquor and Cannabis Board (LCB), formerly known as the Liquor Control Board, collects revenue in the form of license fees from retailers and distributors under Initiative 1183. The LCB continues to call these funds “liquor profits” and will continue to distribute to cities and counties on a quarterly basis. Two percent of receipts must be distributed for the support of alcoholism or drug addiction programs, and 20.23% of distribution is restricted to use for public safety purposes.

Marijuana Excise Tax

The Legislature amended the state’s marijuana regulatory and taxation system in 2013, providing for revenue sharing with cities and counties. The state distributes a portion of the marijuana excise taxes to the Liquor and Cannabis Board (LCB) and various state agencies and programs on a quarterly basis. The intent for the use of this fund in Initiative 502 are: to allow law enforcement resources to be focused on violent and property crimes, education, health care, research, substance abuse prevention, and drug enforcement activities. The 2020 budget includes an estimated revenue of \$39,280.

Criminal Justice Revenues

The Washington State Legislature approved the Criminal Justice Funding Act in a special session of the Legislature in July 1990. The principal focus of the Act is to provide funding for county and city criminal justice systems, including police protection, mitigation of congested court systems, and relief of overcrowded jails. The City of Chehalis currently qualifies in two of the five possible funding areas for cities: Special Programs and Population. Distributions come in several forms, but all are restricted to use for Criminal Justice purposes.

Motor Vehicle Fuel Tax (Gas Tax)

Fuel taxes in Washington are assessed as cents per gallon sold, not the dollar value of the sales, which means that MVFT distributions depend on the number of gallons sold, not the price per gallon. Cities and towns receive MVFT distributions on a per capita basis. Revenues must be placed in a designated city street fund and used for highway or street purposes, including the construction, maintenance, and operations of city streets and roads. Cities must use at least 0.42% for pedestrian, equestrian, or bicycle trails, unless such amount would be \$500 or less per year. The gas tax revenue is budgeted in the Arterial Street fund.

Increased Motor Vehicle Fuel Tax and Multi-Modal Distribution

Counties, cities and towns receives a share of the multi-modal funds and the increase in fuel tax as a result of 2ESSB 5987. The state provides a set amount of revenue deposited into the Multimodal Transportation Account to counties, cities and towns. One-half of the funds are to be distributed to cities as provided under RCW 46.68.110(4). The legislation, adopted in 2015, provided for direct distributions to be phased in from

FY 2016-2017. Beginning with FY 2018, 2ESSB 5987 provides over \$25 million annually to counties, cities, and towns, allocable as follows: Increase MVFT \$11,719,000 per year; Multi-modal funds \$13,393,000 per year. These revenues are split equally between cities and counties. City distributions are based on population, while county distributions are established by the same County Road Administration Board (CRAB) formula as the MVFT and set at the annual CRAB board meeting in late July,

CHARGES FOR SERVICES

Planning and Development Fees

These fees are collected for services related to the issuance of permits and the review of plans for compliance with City codes. Fees are generally collected at a level estimated to recover the cost of the service provided.

Water Utility Rates

Water revenues fund costs associated with the operations of the water system, repairs and maintenance to the system, and fund needed capital improvements to the utility for growth and overall system operations. Revenues are garnered through rate charges to customers, system development charges to new customers, interest earnings on investments, and other connection charges.

Wastewater Utility Rates

Wastewater revenues fund costs associated with the operations of the wastewater system, repairs and maintenance to the system, and fund needed capital improvements to the utility as needed for growth and overall system operations. Revenues are garnered through rate charges to customers, system development charges to new customers, interest earnings on investments, and other connection charges and fees.

Stormwater Utility Rates

Stormwater rates collected from customers are used to fund operations and maintenance of the stormwater collection system, support capital improvements to the system, assist with education and outreach, and financially support street infrastructure capital improvements that have stormwater elements.

MISCELLANEOUS REVENUE

Investment Income

In the City of Chehalis, available cash is invested with the Local Government Investment Pool and certain U.S. Government securities. The amount of interest received will vary with interest rates and the amount of cash available for investment during any particular budget year. Interest income is allocated to City funds according to average cash balance.

Rentals and Leases

Sources of rental and lease income include the rental of City owned facilities for events, the leasing of City owned land for cell-tower usage, and the Airport hangars and the Airport owned land for commercial business.

Other Financing Sources

Other financing sources represent those funding sources that are one-time or non-recurring in nature. Examples include general long-term debt such as general obligation bonds, bank loans, interfund transfers, insurance proceeds, restitutions, and grants.

Interfund Transfers

Some funds receive revenues from other funds in the form of an interfund transfer. These transfers may represent payments for service, an operating transfer, or a concentration of revenues for a specific project.

ORDINANCE NO. 1003-B**AN ORDINANCE OF THE CITY OF CHEHALIS,
WASHINGTON, ADOPTING THE BUDGET OF THE CITY
OF CHEHALIS FOR THE YEAR 2020 AND PROVIDING
FOR THE EFFECTIVE DATE HEREOF.****THE CITY COUNCIL OF THE CITY OF CHEHALIS, WASHINGTON, DO
ORDAIN AS FOLLOWS:**

Section 1. Attached hereto and identified as Exhibit "A," in summary form, are the total of estimated revenues and appropriations for each separate fund and the aggregate totals for all such funds combined for the budget of the City for 2020, and by this reference said Exhibit "A," showing a total estimated ending fund balance of \$19,071,355 is incorporated herein as if set forth in full and the same is hereby adopted in full.

Section 2. This ordinance is a legislative act delegated by statute to the City Council of the City of Chehalis, is not subject to referendum and shall take effect the 4th day of December, 2019.

PASSED by the City Council of the City of Chehalis, Washington, and **APPROVED** by its Mayor, at a regularly scheduled open public meeting thereof this 25th day of November, 2019.

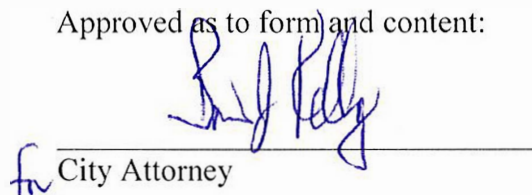

Mayor

Attest:

City Clerk

Approved as to form and content:

City Attorney

GENERAL FUND & GENERAL FUND RESERVE FUNDS

The General Fund is the City's primary operating fund. In addition to the regular General Fund, the City has established sub-funds per the Council direction to set aside and account for specific activities. They include the Building Abatement Fund, Dedicated Street Fund, and Compensated Absences Fund.

GENERAL FUND - The General Fund is the City's general operating fund and accounts for all financial resources except those required to be accounted for in other fund and is generally considered to represent the ordinary operations of the City.

BUILDING ABATEMENT FUND -The Building Abatement Fund was established by the City Council in 2017 for the purpose of removing hazards to public health and safety and potentially address aesthetic concerns related to abandoned buildings in our community.

DEDICATED STREET FUND - Consistent with policy of the City Council, effective January 1, 2014, an allocation of 4% of the City's sales tax revenue is transferred to this fund to be used and accumulated for needed City street repairs and improvements.

COMPENSATED ABSENCES RESERVE FUND -The Compensated Absences Reserve Fund was established in 1985 for the purpose of setting aside funds to be used for compensation of employees for cash outs for unused accrued leaves, approved disability leaves, approved unemployment benefits, and authorized severance pay.

CITY COUNCIL

General Fund 001, Department B1

Mission and Responsibilities:

The City Council is the legislative branch of city government. The seven Councilors, who elect the Mayor from among themselves, are the city's only elected officials. Together they develop the goals and policies necessary to identify the municipal services and special projects needed to move the City forward within the limited budgetary resources available. The Council appoints a City Manager who is responsible for implementing the City Council's policy direction and manages the daily operations of the municipal organization consistent with the City Council's direction.

Legislative decisions are made by the City Council by passing ordinances, adopting resolutions, awarding contracts, approving intergovernmental agreements, and adopting an annual budget. The Council meets twice a month to hold public hearings, take other formal action, and holds informal work sessions on an as-needed basis. City Council committees also meet on an as-needed basis to address more complex issues in detail and provide recommendations to the entire City Council for action. Councilors also represent the city on local and regional intergovernmental groups and organizations. In addition to the City Manager, the City Council appoints the Planning Commission and various other citizen advisory committees.

2019 Accomplishments:

- Approved the budget for the improvements at Recreation Park, including renovations to the ballfield complex and a new playground.
- Authorized the construction of the Recreation Park Improvements.
- Approved a lease agreement for airport owned property for the development of a car wash, which is a service not currently in the City.
- In partnership with Lewis County Fire District #6, authorized a financial feasibility study of consolidating the provision of fire services through an annexation to District #6 in order to improve cost effectiveness and service delivery.
- Participated in Semi-Annual Strategic Planning Workshops with the City Manager and Management Team.
- Authorized the initiation of the first phase of annexation of property to the south of the City consistent with the approved Annexation Plan to expand the City's borders.
- Continued to support efforts to advance a regional solution to flooding in the Chehalis Basin.
- Continued to advance a regional solution to improve the delivery of 9-1-1 Communications services, including consideration of joining with Thurston County Communications to stabilize costs and improve service through technology and other infrastructure improvements over the long-term.
- Authorized staff to proceed with the selection and acquisition of a site for a new fire station that will meet current standards for essential service buildings.
- Continued working cooperatively and building relationships with other local government and non-profit entities.

2020 Goals and Objectives:

- Continue to advance efforts to purchase a location suitable for construction of a new fire station and initiate architectural and engineering design activities.
- Continue to work with Lewis County Fire District #6 to determine the feasibility of annexation into the District to improve fire delivery service.

- Continue to work together with partner agencies to address regional flood issues, including providing comment on the Chehalis Basin Strategy Environmental Impact Statement that is expected to be released in early 2020.
- Continue to improve street maintenance in the City and partner with other agencies using Transportation Benefit District funding to complete large street projects and improvements.
- Provide policy support and directions related to the implementation of the City's Strategic Plan.
- Continue to explore options for improving 9-1-1 dispatch services in the City and surrounding areas in cooperation with the Riverside Fire Authority and the City of Centralia, as well as Lewis County.

Total Municipal Court Employees (FTE)	3.18	3.18	3.18	3.18	0.00

Mission and Responsibilities:

It is the responsibility of the municipal court to preserve the constitutional and legal rights of citizens charged with criminal/civil offenses within the jurisdiction of the court; to determine the sufficiency of evidence of such charges; and to impose sentences on convicted parties which will adequately punish criminals and deter them and others from such offenses in the future consistent with applicable laws. Municipal court provides exclusive original jurisdiction over alleged violations of all city ordinances; collects all fines and penalties arising from these violations; and processes and maintains all court related documents.

2019 Accomplishments:

- Developed and implemented procedures to ensure compliance with firearms surrender orders and tracking of weapons to the Administrative Office of the Courts per the new domestic violence law SHB1786
- Monitored defendant legal financial obligations consistent with legal parameters established by State legislation (E2SHB 1783)
- Implemented enhanced indigency screening for court appointed counsel
- Revised and updated court policies, including criminal complaint filing and license adjudications

2020 Goals and Objectives:

- Continue to monitor defendant legal financial obligations consistent with legal parameters established by State Legislation (E2SHB 1783)
- Monitor compliance with firearms surrender orders and weapons tracking as established by State Legislation (SHB 1786)
- Maintain compliance with all court rules; local, state, and federal statutes
- Evaluate court office procedures to increase efficiency
- Provide excellent customer service to internal and external customers

2020 Significant Changes:

- New domestic violence law SHB1786 revised the standards and procedures for all protection order types, surrender of firearms, dangerous weapons, and concealed pistol licenses. The court developed procedures to ensure timely and complete compliance with orders to surrender firearms, including compliance hearings and capturing receipt of firearms information per the new statute.

CITY MANAGER

General Fund 001 Department D1

Employees:

Department / Classification	2017 Actual	2018 Actual	2019 Amended Budget	2020 Adopted Budget	Changes 2020 from 2019
CITY MANAGER					
City Manager	1.00	1.00	1.00	1.00	0.00
Administrative Assistant	1.00	1.00	1.00	1.00	0.00
Total City Manager Employees (FTE)	2.00	2.00	2.00	2.00	0.00

Mission and Responsibilities:

The City Manager is appointed by the City Council and is responsible for implementing the City Council's goals and policies effectively. The mission of the City Manager is to provide professional, cost effective, and responsive municipal services to the City Council, as well as the City's residents and businesses. As the chief executive officer of the City, the City Manager is responsible for identifying options and providing analysis and recommendations about policy issues; submitting a proposed annual budget; reporting on the City's financial condition; implementing administrative policies and processes, while establishing effective working relationships with community groups and other government entities.

The City Manager supervises department directors and is responsible for all administrative functions of the City; represents the City on numerous intergovernmental committees and public-private projects; conducts research and analysis at the request of the City Council; reviews and approves City Council meeting agenda reports prepared by members of the City staff; serves as the primary administrative contact for the news media; prepares informational reports about City activities as needed; and responds to citizen inquiries, questions, and concerns.

2019 Accomplishments:

- Presented a financial plan to proceed with the Recreation Park Improvement Project, which was approved by the City Council.
- Continued Strategic Planning through two semi-annual workshops in partnership with the City Council.
- Advanced the development of a property annexation plan accepted by the City Council.
- Worked with Lewis County Fire District #6 to develop a long-term plan for the use of District #6 by the City Fire Department, while evaluating sites for a new fire station.
- Provided responsible recommendations to the City Council, including those related to collective bargaining, advancing economic development at the airport, and addressing regional issues.

2020 Goals and Objectives:

- Represent the City in the negotiations to purchase a site suitable for the construction of a new fire station that meets current standards for essential facilities.
- Monitor Economic and Revenue Trends for short and long-term impacts on the City's Budget.
- Continue Strategic Planning Process with the City Council.
- Identify opportunities for succession planning, including training for current members of the staff.
- Develop a plan for a Chehalis Beautification Committee, consistent with the Strategic Plan.
- Continue to work closely with the Chehalis Community Renaissance Team and the Chehalis Foundation, as well as other community partners, to accomplish projects beyond the City's scope and financial capabilities.

- Continue to lead the professional development of the organization.
- Work with the staff to develop and/or refine multi-year capital improvement work plans to improve long-term maintenance of streets and facilities.
- Continue the work to identify a path toward improved 9-1-1 Dispatch Services with the leadership of the City's Police and Fire Chiefs, as well the City of Centralia and the Riverside Fire Authority, as well as Lewis County.
- Work with the Community Development staff to proceed with the City's annexation plan consistent with City Council direction.

Significant Changes 2020:

None.

Mission and Responsibilities:

The Finance Department aims to provide high quality financial services and financial information to the City Council, the city administration and city departments, as well as external agencies and the public in a timely manner. The Finance Department prepares the city's monthly, quarterly and annual financial statements and ensures that all mandatory annual audits are performed; prepares the annual budget; manages cash and investments; coordinates financial grant reporting efforts; processes receipts; issues payroll and vendor checks; and submits mandatory financial reports to external agencies. Additional analysis and information is also provided as needed.

2019 Accomplishments:

- Received a clean audit of the City's 2017 Financial Statement Reports.
- Submitted 2018 annual financial reporting packages to the State Auditor's Office in timely manner
- Implemented policies and procedures for capital and small and attractive asset accounting and physical inventory.
- Updated the City's Meal Reimbursement Policy.
- Updated the City's Investment Policy.
- Established a new cash receipting and reconciliation procedures for Parks and Recreation department to achieve improve audit trail and efficiency.
- Improved and streamlined monthly combined excise tax return calculations and reconciliations.
- Researched and provided recommendations to facilitate expanding payment options by credit/debit cards both online and over-the-counter and bank bill pay via ACH and providing an online self-service for the City's utility customers.
- Assisted with the Recreation Park Renovation Project financing options and issuance of Limited Tax General Obligation Bonds for the Project through a private placement.
- Began implementation of accounts payable (AP) vendor ACH payment program.

2020 Goals and Objectives:

- Maintain compliance with all financial reporting standards.
- Continue monitoring budget and provide analysis of the city's financial activities.
- Provide excellent customer service to external and internal customers.
- Work to achieve a "clean" audit of the city's 2019 Financial Statement Audit.
- Prepare and submit the 2019 annual reports to the State Auditor's Office in timely manner.

- Procure and implement centralized cashiering system to standardize the city's revenue receipting process and enhance accuracy, efficiency, accountability, and internal control.
- Staff training on the city's financial software including Budget Preparation module and General Ledger account maintenance.
- Draft and recommend financial policies including reserve policies to the City Manager.
- Provide accurate and useful financial information to the city departments and assist them with budget monitoring.
- Continue review of departmental procedures to increase efficiency.

Significant Changes 2020:

- \$2,800 request to replace two(2) old computers
- \$15,280 one-time budget request for new software for a Fixed Asset Management module \$15,280.
- \$6,500 one-time training of financial software, focusing on budget module, position budgeting, general ledger reporting, which includes 4 days of on-site training from EDEN/Tyler specialists.

CITY CLERK

General Fund 001 Department E4

Employees:

Department / Classification	2017 Actual	2018 Actual	2019 Amended Budget	2020 Adopted Budget	Changes 2020 from 2019
CITY CLERK					
City Clerk	1.00	1.00	1.00	1.00	0.00
Total City Clerk Employees (FTE)	1.00	1.00	1.00	1.00	0.00

Mission and Responsibilities:

The City Clerk's office provides administrative support to the City Council; prepares City Council meeting agendas; and attends, transcribes, and records minutes of City Council proceedings. The City Clerk ensures the safe-keeping of all official City documents and records for storage in a central records center. As the City's designated public records officer, the City Clerk is responsible for records retention and retrieval of City records and recorded information. The City Clerk maintains the Chehalis Municipal Code, carries out legal notices and recording requirements, and oversees the City website. Additional roles of the City Clerk include serving as the City's Title VI Coordinator and being a member of and secretary to the Fireman's Pension Board.

2019 Accomplishments:

- Coordinated required Open Government Training for City Council members and employees, and certain board/commission members
- Responded to 24 public records requests
- Transferred essential City records to secure location at the Washington State Archives Office

2020 Goals and Objectives:

- Maintain City records and transfer essential records to Washington State Archives
- Continue update of City's Procurement Policy
- Ensure City's compliance with Title VI (Civil Rights) requirements

Significant Changes 2020:

There are no significant changes since the last fiscal year.

LEGAL SERVICES

General Fund 001 Department F1

Employees:

The services of the City Attorney are provided through a contract with Hillier, Scheibmeir & Kelly, so there are no employees associated with this activity.

Mission and Responsibilities:

The City Attorney provides legal counsel and advice to the City Council, staff, advisory boards, and commissions on legal matters pertaining to the business of the City. In addition, the City Attorney represents the City of Chehalis in actions brought by or against the City or its officials acting in their official capacity. The appointment of special legal counsel is also an option when circumstances require specialized expertise. The City Attorney also provides preparation assistance and legal review of agreements, ordinances, resolutions, and various other documents for legal sufficiency.

Significant Changes 2020:

Prior to 2019, the contract for legal services was included with the City Manager's budget. It is now represented as its own activity to acknowledge the distinct role of the City Attorney.

Total Facilities & Parks Employees (FTE)	7.30	6.38	8.40	8.35	-0.05

Mission and Responsibilities:

The Facilities and Parks Department is responsible for the maintenance, improvement and development of all municipal buildings and property except for streets and utilities.

2019 Accomplishments:

- Renovated bathrooms in Stan Hedwall Park at the covered kitchen
- Created a new walkway and landscaping at Parks and Community Development Offices
- Replaced the old roof on Girls Fast Pitch Facility with a new metal roof
- Replaced broken toys at the pool and new rain tree top
- Filled the playgrounds with new wood chips at Stan Hedwall and Spray Park
- Finished the Library landscape improvements
- Removed overgrown shrubs on National Ave in preparation of renovation in 2020
- Assisted Babe Ruth and Little League with Ballfield Improvements
- Installed infield irrigation for Little League on field #2 at Stan Hedwall Park
- Had the trees in front of City Hall pruned and shaped
- Managed the work related to the replacement of the leaking roof at the City's building used for the Tiny Tot Program

2020 Goals and Objectives:

- Continue to assess the facility needs and plan to continue improvement projects
- Bathroom Renovation to the center area facility at Stan Hedwall
- Continue to paint facilities as time and financial resources allow
- Purchase Fencing for Little League
- Finish Fast pitch complex and Penny Playground Projects
- Purchase a mower for small mowing and mowing of the new ballfields at Recreation Park
- Finish landscaping on the North side of National Ave

Significant Changes 2020:

The 2020 Budget includes moderate funding to complete projects needed to replace or maintain older facilities or leverage donations from other organizations. Some projects may have to be postponed if 2020 revenues do not meet the projections made at the time the budget was prepared. The goal is to address facility and equipment maintenance issues that are most pressing and start investing in facilities on a regular basis before they start deteriorating.

- \$5,000 one time for National Ave landscaping
- \$10,000 one time for bathroom renovation at center area in Stan Hedwall Park
- \$25,000 one-time purchase of fencing to replace old fencing at Little League, this for supplies only as they agreed to do the installation portion of this.
- 15,000 one time to purchase a mower for small mowing and mowing the new fields at Recreation Park
- \$7,500 one-time to purchase new filter pump for pool to have on hand to prevent lengthy pool closures in the event of an equipment failure

NON-DEPARTMENTAL General Fund 001 Department G1

Mission and Responsibilities:

The Non-Departmental Budget is used for a variety of General Fund expenses that generally benefit the entire organization, so they are not allocated to a specific department. These include:

- Election services and Voter registration
- Maintenance of the City's central Informational Technology network
- Costs for LEOFF 1 Retiree health benefit plan
- City's contributions to the Lewis County Economic Development Council
- City's contribution to the Washington State Main Street Program to support the City of Chehalis Community Renaissance Team (CCRT)
- Flood Mitigation Funding to the Lewis County Economic Development Council
- Flood warning, homeless services, Chemical Dependency services by other government entities
- Pollution control for SW Clean Air
- Suspense account for potential expenses relating to pending collective bargaining agreements

2019 Accomplishment

The City Council authorized non-routine transfers out of \$645,780 to various reserve funds for the following purposes:

- \$80,000 to Building Abatement Fund to replenish reserve funds transferred to General Fund with the original 2019 adopted budget
- \$100,000 to Compensated Absences Fund to additional reserves
- \$284,000 to Public Facilities Reserve Fund for:
 - \$19,000 Pool liner replacement project
 - \$150,000 for future fire station land acquisition
 - \$115,000 for reserves for future major facility maintenance
- \$181,780 to Automotive Equipment Reserve Fund to replenish \$81,780 budgeted for equipment purchases in 2019 and \$100,000 additional reserves for future equipment replacements

2020 Significant Changes

LEOFF 1 retiree medical benefits for police and fire are moved to the new LEOFF 1 OPEB Reserve Fund.

- \$156,000 budget for police and fire LEOFF 1 retiree medical benefit is moved to the new LEOFF 1 OPEB Reserve Fund.
- Fire pension levy at 22.5 cent per \$1,000 assessed value is transferred to the new LEOFF 1 OPEB Reserve fund to provide funds for all LEOFF 1 retiree medical benefits, including pre-LEOFF firefighter retirees, which was accounted for in the Freeman's Pension Fund in previous years.

The 2020 Budget includes \$99,950 in the suspense account for potential funding needs for increase in payroll costs due to the labor union negotiations that are currently in process.

Total Human Resources Employees (FTE)	1.00	1.00	1.00	1.00	0.00

Mission and Responsibilities:

The Human Resources Department strives to effectively administer the City's human resource programs by providing centralized, uniform personnel support in an environment of mutual trust and respect. The Human Resources Department performs complex technical and professional work in administering the employee benefits and personnel systems of the City including job classifications, compensation reviews, recruitment, labor relations and guidance to management regarding employee issues. The department also administers the City's risk management duties including loss control, liability, worker's compensation claims and employee safety.

2019 Accomplishments:

- Continued working with department heads to update position job descriptions
- Coordinated a variety of risk management activities
- Participated in annual audit by WCIA
- Managed liability claims
- Managed industrial insurance and return to work programs
- Coordinated annual hearing tests and flu shots for city employees
- Managed a significant number of complex personnel, leave and benefit issues
- Successfully recruited for and filled numerous position vacancies throughout the city
- Participated in negotiating Collective Bargaining Agreements with the Police, Fire, and Non-uniformed personnel
- Worked with City Manager and department heads on succession planning needs and goals of each department
- Worked with staff to initiate the development of an employee recognition program

2020 Goals and Objectives:

- Continue to work with City Manager and department heads on succession planning needs and goals of each department
- Continue to update position job descriptions
- Manage workforce needs within budgetary constraints
- Plan for and implement requirements associated with health care reform acts
- Participate in annual audit by WCIA
- Continue working with City Manager to update the employee personnel manual
- Evaluate medical plans for non-uniformed and fire personnel
- Develop and identify a Professional Development Program for managers and supervisors

Significant Changes 2020:

- Decreased Labor Negotiations contract services in anticipation that the collective bargaining agreements will be completed prior to 2020.

Mission and Responsibilities:

The Police Department's mission is to provide security and safety in partnership with the community by providing professional, equitable and unbiased service to all, and to be recognized as a guiding law enforcement agency.

The Police Department provides administrative services that establish the vision and guiding principles for the organization by leading the agency with planning, organizing, directing, and coordinating services; managing operations and investigations, budget, training, and developing staff and policy; providing facility and material management, fleet control, records management and training.

Uniformed patrol provides basic police services to the community including: neighborhood patrol, crime detection, criminal investigation and enforcement, traffic enforcement, evidence collection and preservation, case management, court testimony, a regional SWAT team, and parking enforcement. We also provide assistance such as: security checks, crime prevention, public relations, drug/alcohol and substance abuse education and other community programs.

The Investigations Division provides specialized support in more complex and serious criminal investigations, crimes against persons, sexual assault investigations, crime scene processing, evidence collection and examination, suspect and special victim interviews, sex offender notifications and tracking, drug investigations, and Green Hill School investigations.

2019 Accomplishments:

- Revised and updated many policies.
- Exceeded the State's minimum training requirements for officer's annual training
- Purchased one patrol vehicle

- Continued efforts to improve the quality of dispatch services and determine feasibility of pursuing dispatch service options

- Hired one patrol officer to fill a vacancy, and reorganized the parking, evidence, and records divisions.
- Improved major crime investigation and reporting procedures.
- Conducted a full audit and purge of the evidence room.
- Researched and began purchasing exterior patrol vests for officers.

2020 Goals and Objectives:

- Continue our efforts with improving services from Lewis County's Dispatch Center and determining the feasibility of finding other options.
- Begin final preparations for re-accreditation which is due in 2021.
- Create a secure evidence storage area for large evidence items such as vehicles or equipment.

Significant Changes 2020:

Copy Machine: The police department's copy machine was purchased in 2014 and is becoming increasingly difficult to operate, suffering significant jams, and the quality of copies is deteriorating. This machine gets an enormous amount of use every day. We looked at several options and believe the lease of a new copier is the way to go. We received three estimates for copiers and the one most suited to our needs leases for \$200.95 per month, 60 months comes to \$12,057. To purchase outright would cost \$10,360.

Routinely, the Chehalis Police Department has purchased one new police vehicle per year, rotating out the oldest and highest mileage vehicles. 2019 was scheduled to also rotate out an administrative vehicle (The Police Chief's) due to its age and high mileage. While the patrol vehicle was ultimately purchased in 2019, the Administrative Vehicle purchase was put on hold, I have again added it to the 2020 budget as we will likely need to replace the Deputy Chief's car in 2021. The budget for this will be presented in the fund established as an automotive equipment reserve.

In 2018 we began a lease program with Taser International, so instead of a large one time purchase we have again budgeted the smaller lease amount of approximately \$5,600. We have no major equipment purchases planned for 2020.

Eliminated from the the budget in 2019 was a garage that was to be built at the police firing range. Currently, the Chehalis Police Department does not have a location to securely store vehicles. At times, we have vehicles that are evidence in a crime, recovered stolen vehicles, or vehicles that we have surplus. Evidentiary vehicles need to be secured and stored out of the weather; we currently have a small garage attached to City Hall, but this only accommodates smaller vehicles and lacks any real security that would be more consistent with an evidence garage. Surplus vehicles are often stored at the range, but in the case of the last three just moved from there to auction, we needed to hire a professional car detailer to remove the mold that had grown inside due to the weather. A three-bay garage was planned to be able to keep these vehicles dry and provide a secure area for vehicle evidence storage.

That garage was estimated to cost approximately \$30K. In 2019 we were able to acquire a large conex container. This container could potentially hold a mid-sized car for storage, although it would not allow enough room to work on the vehicle, as in execute a search warrant. This year we sought an estimate for 150 feet of fencing to create a storage yard around this container. While this would not provide weather proof storage, it would give us another option for vehicles, trailers, or larger evidence item storage. A good example of this need was the WSECU ATM theft this spring, where we needed to utilize the County's storage facility for the large evidentiary items.

The Dispatch service contract has increase by 7%, and we saw a 5% increase in our jail fees for 2020.

POLICE DEPARTMENT EXPENDITURE SUMMARY

Mission and Responsibilities:

The Chehalis Fire Department provides effective fire and life safety services through emergency response, education, training and code enforcement to assist the community in maintaining and improving the quality of life. The Fire Department also provides Administrative, Operational and Fire Prevention services. Department administrative staff plan, organize, direct and coordinate services; manage the budget, personnel, and policy development; and provide for facility and material management, fleet control, records management and training.

The Fire Operations and Emergency Medical Services (EMS) Division provide a minimum of two-person engine company on a 24-hour basis, supplemented by on-call career fire fighters. The division performs fire rescue, suppression, and overhaul or salvage functions. EMS consists of 24-hour basic life support with the ability to defibrillate heart patients and provide backup emergency transportation. The response goal of fire and emergency medical services is to be on the scene within 4 minutes or less upon notification and to have the full structure alarm arriving in 8 minutes or less.

Fire Prevention Services Division provides fire and life safety code enforcement through various inspection and permit programs based on the International Fire Code. It provides public education through the school fire safety assemblies and various adult fire safety information programs and classes. The division also provides basic fire investigation capabilities to differentiate the accidental fire from the intentional set fire and to detect the juvenile fire setter.

2019 Accomplishments:

- Completed Co-habitation of the crews to Station 61 and added personnel lockers
- LC-Tac-1 The frequency built by RFA & CFD going operational Sept. 1st, 2019
- Started conversion of all CFD outdated Policies to Lexipol
- Converted all of paper Pre-Fire Plans to electronic that can be accessed in field
- Updated our Auto-aide Deployments Plans with neighboring districts
- Re-Negotiate Ambulance Consortium Contract
- Developed New Medical Program Director Contract

2020 Goals and Objectives:

- Purchase 1Ton Truck for Brush Unit – Differed from 2019 budget
- Continue to Explore Options for 911 Communications
- Continue work on \$750K HUD Grant for new Fire station
- Purchase New Hurst Tool for E48-1 Replacing Outdated Equipment
- Purchase Electronic Gurney for A-48, to Reduce Lifting Injuries
- Hire Part-Time Fire Marshall \$45K

Significant Changes in the 2020:***General Expenses***

Increases in our 2020 budget have been due to rising fees from 911 Dispatch, Fire Marshall contract with RFA, need for Replacement Hurst Rescue Tool, Electronic Gurney and Brush Truck.

Hurst Tool: \$30,777

Our current Hurst Tool requires a considerable amount of set up time on the scene of an emergency. The new generation of Hurst Tools (Jaws of Life) require no set up time because they are self-contained. In a trauma/rescue situation time is critical and if we can extricate a victim faster and get them to a Level I Trauma Center within an hour the survivability increases. A longer on-scene time, defined as the total time it takes to depart from the scene with the trauma patient, is associated with increased mortality in air transported trauma patients. The findings supported our hypothesis in that both dispatch times and on-scene times <10 min are associated with the lower mortality. Therefore, I am requesting to purchase the new generation Hurst Tool in 2020.

Electronic Gurney: \$45.306

Due to AMR out of Service increase we have had to transport patients to the hospital this year 25 times to date. Lifting patients on traditional gurney can cause significant lifting injuries to first responder backs, knees resulting in loss of work and surgeries in some cases. All the EMS transporting agencies currently use electric powered gurney to lift and transport patients to a hospital. Chehalis Fire still has manual gurney that require manpower to lift. To reduce the chance of Lifting injuries and loss of work injuries. I am recommending we purchase the Electronic Gurney for CFD for 2020 and is reflected in this budget.

Brush Truck: \$40K

Due to budget concerns in 2019, we did not go ahead with our purchase of a Brush Truck in 2019 and decided to delay that expenditure until 2020. Therefore, that Brush Truck request is reflected in this budget and I requesting funds for 2020. Presently, using Fire Engine that are designed for street use off road can cause significant and costly damages. Brush Trucks are designed to go off road and are better suited for this type of firefighting. The funds for the proposed purchase of the Brush Truck are included in the Automotive Equipment Reserve.

Training

The training budget was returned to 2018 levels, as training was reduced in 2019.

Capital Outlay

As noted above, funding for one-time Capital Expenditure 1 Ton Pick-up to replace 1999 Ford F-150 for Brush Patrol Unit was again requested because the purchase was delayed in 2019 due to budget concerns. This is still needed so we can reduce the need to drive the larger, more costly fire engines designed for street use on undeveloped terrain, which could damage the vehicle.

Additional Capital Expenditures for this year include the Electronic Gurney and Replacement Hurst Rescue Tool.

FIRE DEPARTMENT EXPENDITURE SUMMARY

Mission and Responsibilities:

The Street Department is responsible for planning, design, construction, operation and maintenance of the City's transportation system, including the street and pedestrian networks. This department also provides vehicle and equipment repair and maintenance services to other city departments. Streetlights in the business districts are maintained by the Department and it also contracts with the local utility for streetlights in other areas of the city.

Administration and planning include the management and supervision of all the various operations and programs of the department. These duties include planning and reporting for capital improvements, street and bridge inspections and traffic sign management.

Traffic control consists of the installation and maintenance of traffic control devices such as signs, signals, pavement markings, crosswalks, etc., to ensure that all devices are following State and Federal traffic control regulations.

Sidewalk management includes inspection, rehabilitation, construction of access ramps and curbing in compliance with all ADA requirements, while sidewalk maintenance is the responsibility to the abutting property owner.

Street operation and maintenance includes the repair and maintenance of asphalt, concrete and oiled street surfaces and requires the use of various techniques such as asphalt and concrete installation, overlaying, chip sealing, patching, pot hole repair and crack sealing. It also includes bridge inspection and maintenance, snow and ice control and street sweeping. (Street sweeping costs are split between the General Fund and the Storm Utility.)

2019 Accomplishments:

- Continued the street oiling program and oiled 8 lane miles
- Performed pothole repair and general street maintenance
- Continued traffic sign maintenance and repair as needed
- Purchased and installed flashing pedestrian beacon at City Hall
- Responded to customer inquiries

- Aided other city departments in accomplishing their goals (flag installation, weekend road closures, stormwater repairs, ditch cleaning and dead animal removal)
- Painted curbs and pavement markings
- Completed the Interstate Avenue Paving Improvement Project
- Completed the National Avenue Slide Repair Project
- Completed design for Pacific Avenue improvements
- Completed design of Kresky Avenue Resurfacing
- Began design work on Chehalis Avenue Reconstruction
- Completed isolated base failure repairs on Chehalis Avenue
- Work with consultant to improve signal function at State and Main
- Purchased variable message reader board

2020 Goals and Objectives:

- Continue the street oiling program
- Continue crack sealing program
- Continue to perform sign maintenance and repair as needed
- Continue to respond to customer inquiries in a professional manner
- Continue working on pothole repair and general street maintenance
- Complete street improvements on Pacific Avenue between Main Street and Park
- Finish design work on the Chehalis Avenue Reconstruction Project
- Complete the Kresky Avenue Resurfacing Project
- Continue painting curb and pavement markings
- Secure funding for Market Blvd downtown improvements and Main Street resurfacing
- Purchase second variable message reader board

Significant Changes 2020:

Shared cost for PW facility generator has been included in this year's budget totaling \$18935.

Total Planning & Building Employees (FTE)	2.60	2.55	2.65	2.65	0.00

Mission and Responsibilities:

The Planning and Building Department provides staff support for development and review of residential, commercial and industrial projects; as well as specialized plans, such as neighborhood and sub-area plans. Permit applications are reviewed and approved, and inspections are made of all completed work to ensure safety and compliance with all applicable city and state regulations. The department administers and enforces adopted ordinances, codes and policies that reflect the environment in which our citizens wish to live. Projects and programs that enhance the economic vitality of the city are also implemented by the Planning and Building Department.

- Approximately 313 application requests were processed through the Department in the first nine months. 148 of those permits were building construction permits.
- Completed the Flood Storage Basin Master Plan - Phase II.
- Notified of award of \$316,675.53 grant from the Flood Authority to complete the Flood Storage Basin Master Plan.
- Continued working toward achieving full implementation of permitting software program.
- Completed Surveys of all areas in the proposed annexation areas, and met with Alderwood Homeowners to initiate discussions regarding possible water system improvements required in their Annexation Agreement.
- Filled Building Inspector Vacancy
- Filled Planning and Building Manager Vacancy

2020 Goals and Objectives:

- Advance the Annexation Plan approved by the City Council in 2018
- Continue to administer land use and building permits
- Continue working with the Flood Authority on grant projects/applications
- Receive and implement Flood Authority Grant Application for the Chehalis Flood Storage and Habitat Enhancement Master Plan – Phase 3 (Completion of Master Plan)
- Complete the Shoreline Master Program update
- Complete the Critical Areas Ordinance update
- Update Municipal Codes to remedy conflicting codes and clarify others (house-keeping)
- Continue developing Annual Work Plan process to ensure all compliance issues and deadlines are met
- Continue working toward achieving full implementation of permitting program

Significant Changes 2020:

The Planning and Building Manager position was vacated in July, 2019, and a new Building Inspector was hired in September, 2019. With change in staff, the department will review Standard Operating Procedures and make changes to increase efficiency if possible.

- An increase of \$2,800 in Small Tools & Minor Equipment for one-time purchase of new computers for the Planning/Building Manager and Building Inspector

Mission and Responsibilities:

The Recreation Department is responsible for providing leisure, cultural and recreational activities, including management of staff and programs at the municipal swimming pool located at the Gail and Carolyn Shaw Aquatics Center.

2019 Accomplishments:

- Held the Music in the Park series consisting of three Friday evenings of free music entertainment at Recreation Park, all of which were very well attended
 - Assist the recreational youth sports leagues to offer opportunities for the youth of Chehalis utilizing the park system
 - Worked closely with the Chehalis School District to maintain our Inter-Governmental Cooperation Agreement to share Chehalis School District and City of Chehalis facilities for community use
 - Hosted a variety of invitational sport tournaments bringing 69 teams to our community
 - Sold 262 season passes for the Gail and Carolyn Shaw Aquatics Center to Chehalis School District Residents
 - Accommodated 30,762 visitors at the Shaw Aquatics Center this summer
 - Registered 716 children for swim lessons
 - Maintained a free spray park that is enjoyed by thousands of users throughout the Spring and Summer months
 - Assisted with design and project management of the Recreation Park Project Renovation Project
 - Applied for and awarded two State and one Federal grant in support of the Recreation Park Renovation Program totaling \$1,350,000
 - Applied for in partnership with the Chehalis Foundation and awarded a State Commerce Grant in the amount of \$250,000
-
- Worked in partnership with the Penny Playground Strategic Planning Committee who assisted with the playground design and fundraising efforts for the project
 - Worked closely with the Finance Department to manage multiple grants for the Recreation Park Renovation Project

2020 Goals and Objectives:

- Work towards completion of the Recreation Park renovation project by October 2020
- Continue to focus on offering programs that attract visitors to our community including youth and adult athletic events
- Identify and coordinate uses of city facilities for community-based events
- Continue to maintain an excellent working relationship with the Chehalis School District in sharing school district and City of Chehalis facilities
- Maintain a high attendance level at the Shaw Aquatics Center by providing a beautifully maintained, safe and fun environment

Significant Changes 2020:**Recreation Administration 571.011**

- 48.02 \$3,500 Repair and Maintenance – 3 computers need replacement

Pool – 571.022

- 11.05 \$10.875 increase 12.5 % in wages to accommodate the increase in minimum wage from \$12.00 per hour to \$13.50 per hour
- 12.05 \$2,000 increase 12.5% in benefits

DEDICATED STREET

Dedicated Street Fund 003, Department K1

Purpose

Ordinance No. 933-B was passed by the City Council in 2014 establishing the Dedicated Street Fund to be funded by 4% of the City's sales tax revenue. This fund is restricted by the policy of the City Council to provide funds to repair and maintain local streets and roads. Activities include: grind and overlay projects; chip sealing; crack sealing; striping; curb painting; sign maintenance; and routine maintenance performed by the Street Division. This fund is separate and different from the Transportation Benefit District (TBD) Fund, which is funded by a voter approved increase in the sales tax.

Significant Changes 2020

Unfortunately, the City is facing financial constraints again as it enters 2020. The Budget Committee has recommended that the local sales tax contribution to this fund reduced from 4% to 1%. The sales tax transfer amount was reduced from \$198,120 to \$49,530.

The 2020 Budget includes a \$17,000 for the purchase of a second variable message board, which will aid in providing safe work zones and advise the public of upcoming work and events. In addition, there is an \$8,000 increase in professional services as bridge inspections are required in 2020.

BUILDING ABATEMENT

Fund 004 Building Department 59

Purpose:

The Building Abatement Fund was created to provide necessary funding to abate properties that are derelict or otherwise deemed unsafe for occupancy. All costs associated with the abatement of a property will eventually be recovered through direct reimbursement by property owners or through a lien process. This fund provides staff with the revenue necessary to finance the direct costs associated with the abatement of a property. Property owners will always be provided adequate notice of the intent to abate a property (barring an imminent threat to Public Health and Safety), allowing the property owner(s) to take necessary corrective measures without the City intervention.

Budgeting for the funds is challenging because it is not always possible to predict the level of funding required for this fund as the number of properties requiring the abatement process can fluctuate drastically from year to year, and reimbursements could be significantly delayed if a property is lienied.

Significant Changes in 2020

Unfortunately, the 2020 budget includes a \$45,000 transfer out to the General Fund due to the financial constraints facing the City and the need to fund essential services. A reallocation of funds for general or specific abatement purposes can be considered to address building abatement needs with consideration of actual revenues as the budget year proceeds.

COMPENSATED ABSENCES RESERVE

Fund 110 Department 47

Purpose

The Compensated Absences Reserve Fund was established in 1985 for the purpose of setting aside funds to be used for compensation of employees at the time of employment separation for unused accrued leaves, approved disability leave, approved unemployment benefits, and authorized severance pay. However, during the great recession of 2007-2009, and the subsequent long recovery, all funds were expended and money was not set aside in this fund due to the lack of funds. During 2018, \$92,868 was transferred in from the General Fund to start the process of dedicating funds for the payments for compensated absences that will need to be paid as several long-term employees are planning to retire in the next five years.

Significant Changes 2019

Received \$100,000 contribution from the General Fund. The estimated fund balance at December 31, 2019 is \$196,762.

Significant Changes 2020

Unfortunately, the City is again facing constraints as it enters 2020. The \$71,488 for accrual cash outs for retiring general fund employees has been moved from department requests to this fund.

SPECIAL REVENUE FUNDS

These funds account for revenues derived from specific taxes, grants, or other sources which are designed to finance particular activities of the City.

Special Revenue Funds include Arterial Street Fund, Transportation Benefit District Fund, Tourism Fund, LEOFF1 OPEB Reserve Fund, 1982-93 Community Development Block Grant Fund, HUD Block Grant Fund.

Arterial Street Fund – This fund is used to account for the City's share of motor vehicle fuel tax revenues and special grants that are legally restricted to the construction or maintenance of state highways within the City's boundaries.

Transportation Benefit District Fund – This fund is used to account for the special 0.02 percent sales tax revenues. The use of the TBD revenue is restricted by law and must be used for specific transportation projects contained in the City's transportation plan. Improvements can range from roads and transit service to sidewalks and transportation demand management. Projects may also include the operation, preservation, and maintenance of these facilities or programs.

Tourism Fund – This fund accounts for Hotel/Motel taxes that the City received, which is legally retracted to the promotion of tourism.

LEOFF1 OPEB RESERVE FUND – The LEOFF1 OPEB Reserve Fund was established in 2020 for the purpose of providing funds to be used to pay for medical and long-term care benefits to LEOFF1 retirees. This fund accounts for a portion of the excess funds transferred from the Firemen's Pension Fund as recommended by an actuarial valuation report and annual firefighter's pension levy authorized per RCW Chapter 41.16 and approved by City Council during annual budget adoption.

Community Development Block Grant Funds and HUD Block Grant Funds – These funds are used to account for special state or federal revenues that are limited to expenditures approved under individual grant agreements. Rehabilitation of low-income houses, side sewer repair, and rental assistance are some examples of acceptable uses.

Purpose:

The primary purpose of an arterial street is to serve traffic moving through the area. The Arterial Street Fund receives Motor Vehicle Fuel Tax revenue. The monthly distribution from the state is deposited into the Arterial Street Fund. Revenues received are used to maintain, preserve, and improve the local street transportation network.

Significant Changes 2020:

None.

TRANSPORTATION BENEFIT DISTRICT(TBD)

TBD Fund 103 Department PW Street 03

Purpose:

The Chehalis Transportation Benefit District (TBD) was formed in 2014 pursuant to RCW 35.51.255 and 36.75 to provide adequate levels of funding for transportation improvements that are consistent with existing state, regional, and local transportation plans and are necessitated by existing or reasonably foreseeable congestion levels. The Chehalis City Council sought voter input on funding the TBD and on February 14, 2017, Chehalis voters approved a ballot measure to increase the sales tax by 0.2% to help fund the repair of increasingly deteriorating streets. After voter approval, the sales tax increased from 8% to 8.2% and became effective on July 1, 2017 to fund the TBD. By law, the funds generated by the additional .2% must be used only for transportation projects.

In accordance with RCW 82.14.0455, this additional sales tax will be collected for a term of ten years. It is estimated the additional sales tax received will be approximately \$850,000 annually. The Transportation funds will allow the City to complete pre-leveling and dig-out repairs; contract out for grind and overlay projects; and set aside funds for major projects, including design costs and grant matching funds.

2019 Accomplishments:

- Completed the Interstate Avenue Repaving Project
- Completed the National Avenue Slide Repair Project
- Received funding and completed design for Kresky Avenue Resurfacing Project
- Began design work on Chehalis Avenue Reconstruction Project
- Completed design on Pacific Avenue Improvements.

2020 Goals and Objectives:

- Complete street improvements on Pacific Avenue between Main Street and Park
- Complete the Kresky Avenue Resurfacing Project
- Finish design work for Chehalis Avenue Reconstruction (project scheduled to be constructed by 2021)

Significant Changes 2020:

Cost for reconstruction of Pacific Avenue between Main Street & Park Street is included in the 2020 budget in the amount of \$1,150,000. The local match for construction of the Kresky Avenue project is included for \$ 97,000. Engineering cost for the design and construction management of three projects is included for \$253,000.

TOURISM

Tourism Fund 107 Department 05

Purpose:

The Tourism fund provides for the tracking of Lodging Tax receipts. The Lodging Tax is also referred to as the hotel-motel tax, which is a consumer tax on lodging charges for periods of less than 30 consecutive days for hotels, motels, rooming houses, private campgrounds, RV parks and similar facilities. The City has established a Lodging Tax Advisory Committee (LTAC) as required under Chapter 67.28 of the Revised Code of Washington (RCW) to review proposals for use of the special excise tax on lodging for tourism promotion. Recommendations from the Lodging Tax Advisory Committee are considered by the City Council, which awards the lodging tax revenues to recipients on an annual basis for projects, activities, marketing, and advertising to promote tourism. The awarded funds are disbursed by the City's Finance Department on a reimbursement basis and recipients are responsible for fulfilling the goals and objectives proposed in the awarded funding requests.

All awarded funds must be used in accordance with State statutes for tourism promotion. RCW 67.28.080 defines "Tourism promotion" as "activities, operations, and expenditures designed to increase tourism, including but not limited to advertising, publicizing, or otherwise distributing information for the purpose of attracting and welcoming tourists; developing strategies to expand tourism; operating tourism promotion agencies; and funding the marketing of or the operation of special events and festivals designed to attract tourists.

On October 14, 2019, the following organizations were awarded funding by the City Council consistent with the recommendations from LTAC. (Tentative)

Organization	Recommendation
1. Chehalis-Centralia Railroad & Museum – Marketing	\$ 35,000
2. Chehalis-Centralia Railroad & Museum – Personnel	\$ 15,000
3. Lewis County Historical Museum	\$ 40,000
4. Veterans Memorial Museum	\$ 30,000
5. Friends of the Chehalis Community Renaissance	\$ 27,000
6. Centralia-Chehalis Chamber (Visitor Center Services)	\$ 40,000
7. Centralia-Chehalis Chamber/City of Chehalis – Utilities	\$ 50,000
8. Chehalis Wedding Show	\$ 12,435
9. Youth Athletic Tournaments	\$ 15,000
10. Southwest Washington Fairgrounds	\$ 10,000
11. ARTrails	\$ 5,000
Total	\$279,435

A \$50,000 reserve was also set aside for projects/activities that may come up during the year.

On June 4, 2019, the LTAC also approved the reoccurring bond payment for Recreation Park/Penny Playground not to exceed \$75,000/year, which was then approved by the Chehalis City Council on October 14, 2019. In 2020, the bond payment will be \$63,395.91.

LEOFF1 OPEB RESERVE

Fund 115 LEOFF1 OPEB Department 60

Purpose:

LEOFF 1 OPEB Reserve Fund was created during the 2020 Budget adoption to provide funding for the LEOFF 1 retiree medical benefits.

The Law Enforcement Officers and Fire Fighters (LEOFF) 1 is a retirement status for those LEOFF members who established membership with the Washington State Department of Retirement System prior to October 1, 1977. Under LEOFF 1 the last employer of a retired LEOFF 1 member is responsible for the full cost of any post-employment medical benefits. The LEOFF Board is required to approve payment of retirement claims for all medical services defined in RCW 41.26.030 under the condition set forth in RCW 41.26.150.

The City of Chehalis provides full medical insurance through its regular carrier and reimburses the full cost of Medicare premiums of those retirees eligible for Medicare. Upon reaching age 65, the retirees are enrolled in Medicare Part B Coverage, with the City reimbursing these Medicare premiums. In addition, the City reimburses the necessary usual and customary medical expenses, in excess of those covered by the applicable insurance plans, including prescriptions and long-term care. Dental costs and dependents are not covered.

The City has two groups of LEOFF 1 members: 1) Those firefighters who joined the service prior to the establishment of LEOFF on March 1, 1970 (pre-LEOFF) and 2) all other law enforcement officers (police) and firefighters who joined service between March 1, 1970 and October 1, 1977.

As of October 25, 2019, there are sixteen (16) LEOFF 1 retired members (5 firefighter retirees, 8 police retirees, and 3 Pre-LEOFF firefighter retirees) and no active members.

Funding Policy: Prior to 2020, medical benefits for pre-LEOFF firefighters were funded by the City's Firemen's Pension Fund and all other LEOFF 1 members' medical benefits were paid by the General Fund on a pay-as-you-go basis.

In July 28, 2019, SSB 5894 was enacted which provides that a municipality that no longer has beneficiaries receiving benefits under RCW Chapter 41.16 (firefighter's pension) may continue imposing the pension levy at 22.5 cents per \$1,000 assessed value to fund medical benefits under LEOFF 1 and other municipal purposes until the municipality no longer has any LEOFF 1 retirees receiving medical benefits. The proceeds of the pension levy must first be expended for payment of medical benefits under LEOFF 1 prior to being used for any other municipal purpose.

On October 14, 2019, the City Council approved an actuarial valuation of the Firemen's Pension Fund and authorized the use of future pension levy and transfer any excess funds from the Firemen's Pension Fund into this fund that is used solely to pay LEOFF 1 medical benefits, if the actuarial valuation report establishes all or part of the levy is unnecessary to meet the estimated demands of the pension fund.

An actuarial valuation of the City of Chehalis Firefighter's Pension Fund was performed by Milliman, Inc. The actuarial valuation report dated October 29, 2019, provided that the current assets in the FPF as of January 1, 2019 is sufficient to pay all future FPF pension benefits, and the Fund is larger than the value of the expected FPF pension benefits; therefore, a portion of the excess could be used to pay these benefits. The report further recommended that use of the excess fund limited to \$78,000 per year over the next 10 years.

Significant Changes 2020

2020 Proposed Budget includes, a total revenue projection of \$233,549 including the following:

- \$166,049 pension levy transfer in from the General Fund

- \$67,500 transfer from the Firemen's Pension Fund for pre-LEOFF firefighters' medical benefits

Total expenditures \$223,500:

- \$91,000 for LEOFF 1 Police
- \$65,000 for LEOFF 1 Firefighters
- \$67,500 for pre-LEOFF Firefighters

1982-93 COMMUNITY DEV. BLOCK GRANT

1982-93 Community Dev. Block Grant Fund 195 Department 46

Purpose:

The City received Community Development Block Grant Funds which were used to fund home-improvement loans during the years of 1982-1993.

At September 1, 2019, the outstanding principal on those loans that were deferred is \$81,963.91. This amount will be received by the City over time as the ownership of the properties is transferred to anyone other than the loan holder.

Significant Changes 2020:

There are no significant changes anticipated in 2020.

HUD BLOCK GRANT

HUD Block Grant Fund 197 Department 07

Purpose

The City used federal funds received from the Department of Housing & Urban Development to provide home rehabilitation loans. As of September 1, 2019, the outstanding principal on those loans that were deferred is \$38,148.94. The balance due from the loans will be received by the City over time as ownership of these properties transfer to anyone other than the loan holder.

Significant Changes 2020

No significant changes are currently planned for 2020; however, there have been questions on how these funds may be used to support goals in the community consistent with funding requirements. In the coming year, the City may revisit the available funds so that they can be reinvested into projects that could benefit the community consistent with any applicable restrictions and/or requirements.

Estimated fund balance at December 31, 2020 is \$87,559.

DEBT SERVICE FUNDS

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

G.O. Bond Fund – This fund was established in October 2011, with the passage of Ordinance 878-B providing for the issuance of General Obligation Debt. It is used to make the debt service payments to the holders of the City's G.O. Bonds. The title of this fund was changed from "2011 General Obligation Bond Fund" to "General Obligation Bond Fund" with the adoption of 2020 budget.

This Page Intentionally Left Blank

GENERAL OBLIGATION BOND

G.O. Bond Fund 200, General Debt Service OC

Purpose

When the City issued the Limited Tax General Obligation (LTGO) Bond of 2011, it accepted the condition that a bond fund be established to account for all bond payments.

In 2019, the City issued Limited Tax General Obligation (LTGO) Bond, 2019 for Recreation Park renovation project. Instead of creating an additional General Obligation (G.O.) Bond fund, debt service for all G.O. Bonds will be accounted for in this fund

For 2011 LTGO Bond, funds are transferred into this fund from the General Fund and the two REET funds to provide for the payment of bond interest and principal and all related bank fees.

On June 4, 2019, the Chehalis Lodging Tax Advisory Committee (LTAC) approved to provide funding for the annual debt service payments for the 2019 LTGO Bond, not to exceed \$75,000 per year through the final maturity of the Bond (15-year term, first payment starting year 2020 through final payment in year 2034).

Significant Changes 2020

The title of fund 200 is changed from "2011 General Obligation Bond Fund" to "General Obligation Bond Fund".

The 2020 budget for the G.O. Bond Fund is **\$160,915** which includes the following debt service payments:

- \$97,219 for 2011 LTGO Bond principal and interest
- \$300 for Fiscal services relating to 2019 LTGO Bond
- \$63,396 for 2019 LTGO Bond principal and interest

CAPITAL PROJECT FUNDS

Capital project funds account for financial resources which are designated for the acquisition, construction, renovation, or major maintenance of general government capital assets.

Automotive/Equipment Reserve Fund - This fund is used to account for the accumulation of funds to finance equipment purchases.

First Quarter Percent REET Fund - This fund is used to account for the money collected from the first quarter percent real estate excise tax authorized under RCW 82.46.010 (2). The first 0.25 percent are to be used solely for financing capital projects specified in the City's Capital Facilities Plan. Capital projects are defined as those public works projects of a local government for the planning, acquisition, construction, reconstruction, repair, replacement, rehabilitation, or improvement of streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, bridges, domestic water systems, storm and sanitary sewer systems, and parks. In addition, the first 0.25 percent may be used for acquisition of parks and recreation facilities. Additionally, debt service is an allowable use of these funds, according to both legal opinion and the State Auditor's Office.

Second Quarter Percent REET Fund - This fund is used to account for the money collected from the second quarter percent real estate excise tax authorized under RCW 82.46.035 (2). The second 0.25 percent are to be used solely for financing capital projects specified in the City's Capital Facilities Plan. Capital projects are defined as those public works projects of a local government for the planning, acquisition, construction, reconstruction, repair, replacement, rehabilitation, or improvement of streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, bridges, domestic water systems, storm and sanitary sewer systems, and parks. However, the acquisition of land for parks is not a permitted use of the second 0.25 percent funds. Additionally, debt service is an allowable use of these funds, according to both legal opinion and the State Auditor's Office.

PUBLIC FACILITIES RESERVE FUND

Public Facilities Reserve Fund 301 Public Facilities Reserve 44

Purpose

The Public Facilities Reserve Fund was established many years ago to set aside money over time to prepare for significant maintenance, repairs and renovation of the City's buildings, which are used to provide public services to the community. However, during the great recession of 2007-2009, and the subsequent long recovery, money was not set aside in this account for future public facilities improvements due to a lack of funds.

Significant Changes 2020

The 2020 capital outlay budget of \$911,393 is to complete the Recreation Park renovation project.

Background

The 2019 total capital outlay budget for the Public Facilities Reserve Fund significantly increased in 2019 due to the pool liner replacement project in the amount of \$285,215 and construction of Recreation Park renovation project in the amount of \$4,161,393. As of October 25, 2019, about \$911,393 of the 2019 Recreation Park renovation budget is expected to be spent in 2020; therefore, the same amount is included in the 2020 budget request.

Bond proceeds in the amount of \$894,000 were received in 2019. The bond proceeds, net of issuance cost of \$13,500, in the amount of \$881,000 is available for the project.

In addition, the fund received a one-time transfer of \$265,000 from the General Fund: \$150,000 for future fire station land acquisition and \$115,000 reserve for future large maintenance and repairs projects.

AUTOMOTIVE/EQUIPMENT RESERVE FUND

Automotive/Equip Reserve Fund 302 Auto/Equip. Reserve 45

Purpose

The Automotive/Equipment Reserve Fund was established many years ago for the purpose of setting aside money on a regular basis to be able to replace the City's vehicles and equipment as needed. However, during the great recession of 2007-2009, and the subsequent long recovery, money was not set aside in this account due to the lack of funds. Vehicles and equipment have been funded in the department budgets on an annual basis when a vehicle or piece of equipment has become unreliable or costlier to repair than to replace.

The goal is to review the City's financial position each year to determine if an additional allocation can be made to this account in the future. Ideally, an amount of money would be set aside every year to more effectively manage the process of replacing vehicles and equipment used by the staff to serve the community.

2019 Accomplishments:

As 2018 finished more favorable than expected, the City was able to replenish the funds used in 2019 plus set aside an additional \$100,000 from the General Fund to the Automotive/Equipment fund during the second 2019 budget amendment in July 2019. The estimated ending cash and investment balance at the end of 2019 is estimated at \$227,968.

Significant Changes 2020

Unfortunately, the City is facing financial constraints again as it enters 2020, and the Council Budget Committee has recommended to move the \$181,083 budget requested by the Police and Fire departments moved to this fund.

Police Department: Routinely, the Chehalis Police Department has purchased one new police vehicle per year, rotating out the oldest and highest mileage vehicles. The Police Department requests funding for \$40,000 for one patrol car and \$25,000 for one administrative car in 2020.

Fire Department: Funding for a 1-Ton pick-up to replace a 1999 Ford F-150 for Brush Patrol Unit was approved in 2019 to reduce the need to drive the larger, more costly fire engines designed for street use on undeveloped terrain, which could damage the vehicle. Purchase of this vehicle was postponed to 2020. 2020 budget request includes \$40,000 for this vehicle, \$45,306 for an electronic gurney, and \$30,777 for Hurst tool.

FIRST QUARTER PERCENT REET

First Quarter Percent REET Fund 305 Public Facilities Reserve 44

Purpose

This Fund is for the first quarter percent real estate tax levied by the City on all sales of real estate. It may be used for any capital purpose identified in a capital improvement plan and local capital improvements and those that can be funded through a local improvement district (LID). Local capital improvements include the acquisition of real and personal property associated with such improvements.

Significant Changes 2020:

While there are no significant changes proposed for the 2019 budget, a portion of the First Quarter Percent REET proceeds is transferred out to fund a portion of the General Obligation Bond which is consistent with previous budgets.

The 2020 total budget for the First Quarter Percent REET fund is **\$39,982**.

SECOND QUARTER PERCENT REET

Second Quarter Percent REET Fund 306 Public Facilities Reserve 44

Purpose

This Fund is for the second quarter percent real estate tax levied by the City on all sales of real estate. This tax may only be levied by cities that plan under the Growth Management Act (GMA). These funds may be used for capital projects defined as “public works projects of a local government for: planning; acquisition; construction; reconstruction; repair; replacement; rehabilitation or improvement of streets; roads; highways; sidewalks; street and road lighting systems; traffic signals; bridges; domestic water systems; storm and sanitary sewer systems; and planning; construction; reconstruction; repair; rehabilitation or improvement of parks”.

Significant Changes 2020

While there are no significant changes proposed for 2020, a portion of the Second Quarter Percent REET proceeds is transferred out to fund a portion (34%) of the General Obligation Bond, consistent with previous budget practice.

The 2020 total budget for the Second Quarter Percent REET fund is **\$33,156**.

PROPRIETARY FUND TYPES

Proprietary funds are used to account for a government's business-type activities. These funds are used to account for services to the general public where all or most of the costs, including depreciation, are to be financed or recovered from users of such services. There are two generic fund types in this category: Enterprise and Internal Services funds. The City does not have internal services funds currently.

ENTERPRISE FUNDS

Garbage Fund – This fund is used to account for the City's solid waste collections operations, primarily to customers outside the financial reporting entity.

Wastewater Fund – This fund is used to account for the operations of the City's wastewater utility.

Water Fund – This fund is used to account for the operations of the City's water utility.

Storm and Surface Water Fund – This fund is used to account for the operations of the City's storm drainage and surface water management utility.

Airport Fund – This fund is used to account for the operations for the Chehalis Airport.

GARBAGE

Garbage Fund 402 Department 12

Purpose:

This fund was established to account for the revenues and expenditure associated with the City's organic waste disposal site at Stan Hedwall Park. Residents can purchase an annual disposal permit to access the site during the Spring and Summer months to dispose of yard waste and other organic materials.

Significant Changes 2020:

No changes are planned for 2020.

Mission and Responsibilities:

The Wastewater Division is responsible for the collection and treatment (per State & Federal Standards) of wastewater from Chehalis, Napavine, Lewis County Water/Sewer District #4 and associated urban growth areas. The Division is responsible for the operation and maintenance of the sanitary sewage collection system, the wastewater treatment plant, the poplar tree plantation and all other City wastewater facilities and infrastructure.

Wastewater is treated utilizing advanced secondary and tertiary treatment processes before discharge to the river during wet-weather and the poplar tree plantation during dry-weather. Residual solids are treated to Class A biosolids and sold to local farmers. Additional mission support functions include laboratory analysis of wastewater, collection system cleaning and repair, treatment plant/poplar tree plantation operation and maintenance, and electrical / electronic / mechanical repair of all division equipment and facilities. Division administrative functions include staff management and supervision, regulatory reporting / permit compliance, capital improvement planning, rate studies and financial planning, and planning, design and construction of Division projects.

2019 Accomplishments:

- Completed replacement of belt filter press camber zone to minimize belt wear (dewatering of raw sludge)
- Replaced four 12" isolation valves and rebuilt 4 check valves for Sequencing Batch Reactor (SBR) blowers to prevent air leakage into the SBRs (Secondary treatment process)
- Completed design of Waste Active Sludge (WAS) Piping Modification Project to enhance wasting efficiency & maximize holding tank capacity.

- Initiated construction of Riverside Force Main Replacement Project to increase capacity and minimize sewer leak potential
- Replaced sand filter turbidimeters and SBR single board computer to improve process reliability
- Jetted over 8,000 ft. of sewer line to maintain collection system flow and capacity
- Began cross-training of various staff to increase staffing flexibility and provide adequate coverage when short-handed

2020 Goals and Objectives:

- Complete biannual outfall inspection
- Continue efforts to achieve 100% permit compliance
- Complete Waste Piping Modification Project (required as part of legal settlement)

Significant Changes 2020:

- \$75,000 for WAS Piping Modification Project construction
- \$2,000 for pressure washer
- \$8,000 for biosolids bldg. HVAC modification
- \$52,500 carried over for WW share of new utility billing software
- Minor increases in some chemical costs
- \$90,000 for new Operator-In-Training position (+ 1.0 FTE)
- No funding for PT administrative assistant (- 0.5 FTE)

Mission and Responsibilities

The Water Division is responsible for the procurement, treatment and distribution of potable water, meeting all State standards for the City of Chehalis and associated service areas. Water Treatment includes the operations of the intakes, delivery of water to the treatment plant, production of potable water that meets or exceeds all State and Federal drinking water standards. The treatment process utilizes filtration, disinfection and fluoridation and requires constant monitoring and analysis to ensure that the water quality is maintained, and that the City meets all State and Federal standards and maintains regulatory compliance.

Water system operation and maintenance includes planning, design, construction, management, cross-connection control and monitoring, and customer service for the City's flow planning. In cooperation with the City's Fire Department and Lewis County Fire District 6, this Division provides fire hydrants installation and maintenance, improvements and hydraulic/fire flow planning. The Water Division's Equipment and Electrical Maintenance Program provides maintenance on electronic and control circuitry, machinery, equipment and facilities. The Administration and planning function is provided through management and supervision of the services provided by the Division in addition to planning, reporting to various regulatory entities, capital improvement planning, capacity analysis and related functions.

2019 Accomplishments

- Water System Plan update 80% complete, carry over in 2020
- Chehalis River Pump line Replacement Project Design and Permitting
- Hired Three New Employees due to Retirements
- Continued performing large meter and backflow testing
- Continued the water leak detection program on 10+ miles of water pipe
- Continued to respond to customer complaints/concerns
- Continued water meter replacement program
- Engineering Complete for High Level Reservoir Pump Station Replacement, Construction Started

2020 Goals and Objectives

- Complete Water System Plan Update
- Complete Construction on High Level Reservoir Pump Station Replacement
- Replace Water System Infrastructure on Chehalis Ave. From 3rd Street to 9th Street, in connection with the Stormwater Project
- Replace Water System Infrastructure on Pacific Ave. in connection with the Stormwater Project
- Continue performing large meter and backflow testing
- Continue the water leak detection program on 10+ miles of water pipe
- Continue to respond to customer complaints/concerns
- Continue water meter replacement program

Significant Changes 2020:

Significant changes since the last fiscal year include; The Water System Plan will be completed in 2020 in accordance with the Washington Administrative Code (WAC) 246-290-100 and the Washington State Department of Health (DOH) requirements of every 6 years. Subsequent reports will be required every 10 years. This Plan documents and evaluates the City's water system and includes recommendations for future projects and the rescheduling of previous projects that have not yet been completed. City staff is working with a consulting engineer Gibbs & Olson to evaluate the existing water system and provide recommendations regarding how the city should prepare for the future.

The proposed 2020 Budget includes:

\$ 350,000 For the High-Level Pump Station replacement, engineering services and construction.

\$ 450,000 For Pacific Avenue water line replacement cost share with storm water division project.

\$ 70,000 For Chehalis pump line which includes engineering services for design, environmental permitting and seek funding

\$ 800,000 For Chehalis Ave. water line replacement cost share with storm water division project.

\$ 40,000 For the replacement of a truck that was deemed "totaled" in 2018.

Mission and Responsibilities:

The Storm & Surface Water Utility provides planning, design, construction, operation and maintenance for the City's storm drainage system. It also monitors, controls and regulates all discharges that could impact the system or nearby receiving waters. The Storm drainage maintenance includes cleaning, televising, repair and replacing of collection lines and related facilities, cleaning ditches and other drainage channels. The administration and planning function is provided through the management and supervision of all operations and functions of the utility such as capital improvement, planning, reports and regulatory compliance.

2019 Accomplishments:

- Removed numerous hazards and blockages from storm drainage system
- Installed new storm line on NW Center Street and added catch basin
- Installed new storm line on NW Geary and added catch basins
- Extended storm line on SW Grandview and added catch basins
- Identified and replaced several failing brick catch basins
- Cleaned catch basins throughout the city
- Cleaned catch basins in Lewis County through our interlocal agreement

2020 Goals and Objectives:

- Continue to repair/replace storm infrastructure as necessary
- Complete replacement of failing storm line on SW Kelly
- Replace failing storm infrastructure on Pacific Avenue between North Street and Park Street
- Continue ditch cleaning
- Use line camera to continue to inventory the storm system, and identify problems
- Continue to respond to customer complaints/concerns in a timely manner

Significant Changes 2020:

\$175,000 for storm line replacement of a problematic 24" clay storm line on Pacific Avenue as part of a larger project has been carried forward to 2020. \$30,000 is included for the Stormwater portion of new billing software, which is also a carryover from 2019.

Mission and Responsibilities:

The Airport provides a safe, convenient, secure, properly maintained and professionally managed airport facility that exceeds the expectations of our residents and visitors. The Airport also meets all Federal standards and maintains regulatory compliance.

2019 Accomplishments:

- Successfully negotiated an Offer to Lease for Tract 16-B (The Wave Car Wash) for 1 acre of non-aeronautical Airport property, which was approved by the City Council.
- Anticipate successful negotiation of an Offer to Lease for Tract 10 for 3.28 acres of non-aeronautical Airport property, which will be presented to the Council for consideration.
- In 2018 an aviation-based STEM program was presented to five local high schools. In 2019 W.F. West High School adopted the STEM program and for 2020 Centralia High School is planning on implementation.
- Completed the closing FAA paperwork for the Apron Rehabilitation Project
- Closed out an infrastructure project funded by .09 funds which created infrastructure for the future development of the Discover! Children's Museum.
- Initiated the Taxiway Realignment Project which is the largest single project undertaken by the Airport using federal funding for 90% of the \$2.8 million project and an additional 5% from the State of Washington.
- Helped to create and/or sustain local jobs through the use of local contractors, the Taxiway Realignment Project being the most noteworthy.
- Completed an infrastructure project as a partner in the construction of Chehalis' first electric vehicle fast charge station, using State grant monies as the major source of funds.
- Leap the Levee was completed for the fourth consecutive year. This 5K run helps raise awareness for local events or groups such as the Discover! Children's Museum. All proceeds from the run are donated to a local cause. This year was Discover! Children's Museum.
- The airport helped host the Experimental Aircraft Association (EAA) and their Young Eagles Day on July 27th. This event typically coincides with Chehalis Fest and was a great success again this year with much more community involvement that included two food vendors, and children's activities in addition to the flights. The EAA flew 210 Young Eagle Flights this year in one day.

- Continued to work with the FAA on the Airport Layout Plan (ALP) update, which is expected to be approved in early 2020.
- Assisted with the creation of a Coalition for Safety, Security, and Cleanliness to focus on the commercial district that is on the east side of the Airport. Members of the group include several local tenants and businesses located in Chehalis as well as Twin Transit and the CCRT.
- Assisted with the creation of a group focused on Aviation and Education with the goal of creating a clear career path for aviation professionals within our community. Members of the group include the President of Centralia College, a CTE teacher from W.F. West, the CTE Director from Centralia High School, the Director of Aviation from the WSDOT as well as others.

2020 Goals and Objectives:

- Work with Rich Development in coordinating the full development of the 16.22 acres of Airport owned land that they have leased from the City.
- Work with the owners of The Wave Carwash in developing their new site located at 1815 NW Louisiana Avenue, which is leased from the City.
- Apply for a Community Airport Revitalization Board (CARB) grant for the above-ground fuel storage system project, which is estimated to cost \$750,000
- Contingent on the CARB grant, complete the transition process to an above-ground fuel storage system with an updated fuel terminal for improved efficiency and environmental safety
- Perform bathroom facilities maintenance on the exterior restrooms. Currently, the facilities are adequate. However, they require some minor cosmetic and structural refurbishment

Significant Changes 2020:

Notable changes since the last fiscal year include:

- Estimated revenue is decreased significantly in 2020 due to the expected completion of the Taxiway Realignment Project that was funded with one-time grant funds. However, other revenues are increasing slightly due to a modest increase in hangar lease rates, increased fuel sales, and additional monthly leases from ground leases that have expired at the Airport reverting the improved property to Airport.
- Estimated expenditures are decreased significantly in the preparation of potentially significant investments required related to above-ground fuel storage and a potential for an upcoming project with the FAA. This will also help prepare for increased development costs related to compensatory fill requirements.

FIDUCIARY FUND TYPES

Fiduciary Funds account for assets held in a trustee or agency capacity for others, and therefore, cannot be used to support the City's own programs.

PENSION TRUST FUND

Pension Trust Funds account for the operation of a trust established for employee retirement benefits.

Firemen's Pension Fund – This fund is used to account for the accumulation of resources for excess pension benefit payments to qualified firefighters and their survivors.

CITY AGENCY FUND

Agency Funds account for funds held in an agency capacity for others by the City.

The City Agency Fund - This fund is used to account for municipal court funds not belonging to the City.

This Page Intentionally Left Blank

FIREMEN'S PENSION

Fireman's Pension Fund 611 Department 36

Purpose:

This fund is used solely to pay the pension supplement and medical benefits for retired firefighters that were covered under the City's retirement plan in place before the existence of the state-wide Law Enforcement Officers and Fire Fighters plan (LEOFF 1). There are currently three (3) retired pre-LEOFF fighters who are eligible to receive benefits from this fund.

Funding Policy: Prior to 2020, a property tax rate of 22.5 cents per \$1,000 of assessed value is levied for this fund. In addition, the annual Fire Insurance Premium Tax distribution from the state is received by this fund.

In July 28, 2019, SSB 5894 was enacted which provides that a municipality that no longer has beneficiaries receiving benefits under RCW Chapter 41.16 (firefighter's pension) may continue imposing the pension levy at 22.5 cents per \$1,000 assessed value to fund medical benefits under LEOFF 1 and other municipal purposes until the municipality no longer has any LEOFF 1 retirees receiving medical benefits. The proceeds of the pension levy must first be expended for payment of medical benefits under LEOFF 1 prior to being used for any other municipal purpose.

On October 14, 2019, the City Council approved an actuarial valuation of the Firemen's Pension Fund and authorized the use of future pension levy and any excess funds from the Firemen's Pension Fund to pay LEOFF 1 medical benefits, if the actuarial valuation report establishes all or part of the levy is unnecessary to meet the estimated demands of the pension fund.

An actuarial valuation of the City of Chehalis Firefighter's Pension Fund was performed by Milliman, Inc. The actuarial valuation report dated October 29, 2019, provided that the current assets in the FPF as of January 1, 2019 is sufficient to pay all future FPF pension benefits, and the Fund is larger than the value of the expected FPF pension benefits; therefore, a portion of the excess could be used to pay these benefits. The report further recommended that use of the excess fund limited to \$78,000 per year over the next 10 years.

Significant Changes 2020:

Starting 2020, the pension levy is no longer received in this fund as the actuarial valuation provided that the Fund has sufficient fund to pay all future pension benefits. As authorized by the City Council on October 14, 2019, future pension levy will be dedicated for the LEOFF1 OPEB reserve fund. The fire insurance premium tax will continue to be received in this fund.

The total 2020 budget is \$80,270, including \$12,770 for pension benefits and \$67,500 transfer out to the LEOFF1 OPEB reserve fund for medical benefits.

The projected fund balance at the end of 2020 is \$970,716.
