SUBJECT: 2019 Second Quarter Financial Status Report

### **DISCUSSION**

This document provides a summary review of the City's financial activities and status for the second quarter 2019.

The reports have been formatted to be consistent with the approved budget for ease of comparison and review of information. Comparisons and variances shown are based on straight line projections. The percentage year-to-date (YTD) target for June is 50% (6 of 12 months).

First report provides a summary review of all City funds with their beginning cash balances, total revenues and transfers in, total expenditures and transfers out, changes in fund balances during the year, and estimated ending cash balances.

Second set of reports provide two-year comparative financial data of actual revenues and expenditures compared to the budget for the General Fund and the major enterprise funds.

#### **CITY-WIDE OVERVIEW**

Overall, on a city-wide basis, the city has received \$13,544,620 or 51.0% of the 2019 revenue budget (including transfers-in) and has expensed \$10,858,178 or 38.0% of the 2019 appropriations (including transfers-out) through the second quarter. Total city-wide revenues exceeded total expenditures by \$2,691,442 during this period. The city-wide total fund balance as of June 30, 2019 is \$22,887,839.

Other than the General Fund, all other funds are restricted funds that are used to account for specific revenues or resources that are legally restricted or designated to finance particular activities of the city, such as Transportation Benefit District, utilities, and Airport funds.

Total revenues received is about 1.0% or \$256,969 ahead of the YTD target amount. Total tax revenues from the General Fund and Transportation Benefit District fund makes up about \$189,040 of this variance.

Total year-to-date expenditures is about 12% or \$3,444,337 below the YTD target amount. This variance is mostly due to capital expenditures. Total 2019 capital expenditure budget is \$6,886,655 and only \$293,440 or 4.3% of the 2019 budget have been expensed. This is \$3,149,888 or 45.7% below the YTD target amount.

For the most part, the city funds operated within the normal budget parameters and resulted in positive changes in fund balances, except for the General Fund.

The revenue and expenditure variances for the General Fund and the major enterprise funds are explained in detail in the fund overview section below.

**Bottom Line:** The City operated within normal budget parameters.

#### **General Fund Expenditures and Transfers-out**

Total YTD expenditures and transfers-out through June is \$5,498,459 or 51.6% of the 2019 budget. This is \$171,172 above the YTD target amount.

Total YTD expenditures for salaries and benefits is \$3,436,997 or 48.1% of the 2019 budget. Total salaries and benefits make up 62.5% of the total general fund expenditures including transfersout or 73.5% of the total YTD general fund operating expenditures.

All departments, except Human Resources, Fire, and Planning and Building departments, operated within the YTD target amounts. The exceptions are summarized below:

The Human Resources department expensed 56.9% of its 2019 budget and \$8,595 above the YTD target amount. Attorney fees incurred for labor contract negotiations exceeded the 2019 budget by \$17,041 as of June 2019. The 2019 second budget amendment proposal includes additional appropriations for this item.

The Fire department expensed 52.4% of its 2019 budget and \$52,371 above the YTD target amount. The key factors for this variance are a combination of certain annual payments being paid in the first half of the year (i.e. WCIA insurance, H.S.A. contributions for the firefighters, fire code inspection and enforcement services provided by Riverside Fire Authority, etc.) and the monthly rent (\$3,000 per month) for the temporary fire station at Lewis County Fire District #6 which was not included in the 2019 adopted budget. An additional budget appropriation for 2019 rent in the amount of \$36,000 is being requested in the 2019 second budget amendment proposal.

The Planning and Building department's YTD expenditure is 66.3% of the 2019 budget and \$49,615 above the YTD target amount. This is mainly due to \$54,951 paid for professional services related to the flood storage master plan phase 2. Total professional services agreement for this project is \$85,000 which is to be reimbursed by the Flood Authority grant. The service agreement was approved by the City Council on November 1, 2018; however, the revenues and expenditures relating to this project were not included in the 2019 adopted budget. The 2019 second budget amendment proposal includes these items.

The 2019 budget as amended in April 2019 includes transfers-out in the amount of \$851,479, which includes setting aside funds for building abatement, compensated absences, debt service, public facilities, automotive and equipment, and 4% of local sales and use taxes for dedicated street fund. A total of \$748,038 or 87.9% of the 2019 budget has been transferred to the appropriate reserve funds.

**Bottom Line**: Overall, the general fund operated within the budget parameters.
